Teen Recreation Halted By Vandalism, Violence

Terra Linda Center Will Close At Dark

Terra Linda Recreation and Parks District today suspended its entire teen-age program in the wake of a weekend of vandalism, burglary and violence.

Henceforth, the recreation center will also close at dark, announced Jack Brandon, chairman of the district board.

Decision to shut down teen-age activities and evening programs followed a series of outbreaks including:

1. On Friday night, obscenities were scrawled "all over" dressing room walls. Brandon said it was necessary to repaint the walls to cover up the obscenities Saturday morning before a swimming meet. Also, a mirror was broken and holes punched in the walls.

2. On Saturday night, the snack bar was entered and several boxes of candy stolen.

3. Last night, a 19-year-old girl life guard was slugged and knocked unconscious by a burglar who was ransacking the office.

These were only the worst incidents in what Brandon said had become an intolerable situation at the center at 670 Del Ganado Road. Increasing rowdyism by teen-aged boys has has inciuded "villifying the girl life guards" and refusal to abide by any rules, he declared.

"Every night when the pool closes at 8 o'clock, some of these kids are hanging around to make trouble," he declared. "Saturday we had to eject one teen-ager who was cursing a life guard.

"The situation has simply got out of hand."

Burglary of the snack bar was reported to sheriff's officers yesterday by William Gordon, the district's recreation director. He said it was apparently entered with a stolen key.

Yesterday, two of the girl life guards, Diane L. Swingler, 19, of 426 Hickory Lane, Terra Linda, and Sue West, 18, of 724 Butternut Lane, Terra Linda, remained to clean up after the pool closed.

About 8:45 p.m., said Brandon, Miss Swingler heard noises of drawers in the office being opened and closed. She entered to check, closing the door behind her.

France Accuses U.S. Of Spying

PARIS (AP) — The Defense Ministry charged today that a U.S. photo reconnaissance plane flew near the French nuclear complex at Pierrelatte and was on a mission to take "unauthorized pictures."

The nuclear plant there is working on France's first hydrogen bomb.

A statement from the ministry said a protest had been presented at the U.S. Embassy in Paris.

The statement said cameras aboard the plane, an RF101, had taken 175 pictures of the complex Friday.

According to the Defense Ministry, the U.S. plane, which was based at Ramstein, Germany, made four runs over the atomic installation in southeastern France.

The Defense Ministry accused the plane of three violations: flying in a restricted zone, taking photographs without authorization and taking pictures in a restricted zone.

Until today the French maintained official silence on the affair.

According to French news reports, French fighter planes were sent up to chase the U.S. plane out of the area. The Defense Ministry statement supported these reports but not in detail.

American officials said the plane was on a training mission. They said it filed a routine flight plan with French authorities but was "forced to deviate by reason of a thunderstorm from the flight plan previously filed."

Later an official U.S. statement said that after a preliminary inquiry "the information available indicates that the plane did not enter the prohibited zone around Pierrelatte."

Spahn Signs Contract With Giants

SAN FRANCISCO (AP)—Warren Spahn, winner of more games (360) than any other lefthander in baseball history, agreed to terms today with the San Francisco Giants less than a week after the New York Mets cut him loose.

The 44-year-old Spahn was released Wednesday after losing eight straight for the National League's last place club and became a free agent to make his own deal.

The Giants announced today they had reached an agreement with the pitcher and that he would be signed upon his arrival in San Francisco, expected Wednesday.

San Francisco officials declined to divulge Spahn's salary terms. It was believed he will receive appproximately $18,000 from the Giants for the remainder of the season.

He signed with the Mets for $72,500. Under baseball law, the New York club must pay him a month's salary following the release.

Spahn's release from the Mets came after he had a 4-12 record with a 4.43 earned-run-average. Manager Casey Stengel of New York said the southpaw was released to make room for younger talent.

Franks said Spahn probably would be used as a spot starter and middle inning relief man.

Inmates Helping Fight Big Fire

More than 260 Inmates from San Quentin Prison forestry camps were working with firefighters to contain a three-day-old fire 40 miles east of Willits today.

State Forestry Division officials reported that 90 per cent of the blaze was contained this morning, but they were wary of afternoon winds that twice have thwarted efforts to halt the blaze.

Rangers reported fire lines around all but a high ridge along the Eel River and said it could be 100 per cent contained by tomorrow if winds do not spring up.

Three Americans Killed In Attack

SAIGON (UPI) — Communist guerrillas attacking under the cover of a driving rain today killed three American infantrymen at the Bien Hoa air base 15 miles northeast of Saigon. Several U.S. soldiers were wounded in some of the heaviest fighting of the war.

American military spokesmen made an exception to new security regulations covering battle casualties in reporting the three American dead. The exact number of wounded was not announced, but spokesmen said there were "several."

One veteran American sergeant who served in World War II compared the fighting to the Battle of the Bulge. Another who fought in Korea said he had never seen anything like the intensity of the Communist onslaught.

The 12-hour battle raged throughout the night and some sporadic shooting was still reported at 10 a.m. today. Viet Cong losses were believed heavy but the Communists apparently hauled away their dead and wounded.

Other American infantrymen fanning out from Bien Hoa today counter-attacked Communist forces trying to seize control of the highway linking the base with Vung Tau, a vital supply port on the South China Sea.

Some U.S. casualties were feared in the highway fighting.

In related developments today, Defense Secretary Robert S. McNamara made another tour of military installations, inspecting the port depot complex at Cam Ranh, 185 miles northeast of Saigon.

In Washington, Defense Department officials disclosed that South Viet Nam's fighting strength is 10,000 men less than it was at the start of the year. There has been nothing done yet on a 160,000-man increase scheduled early this year.

In Moscow, roving ambassador W. Averell Harriman held his third meeting with Soviet officials. Harriman's visit is pri-

High Bacteria Count Found In Inverness Park Water

Inverness Park residents were warned today to boil their water.

Marin County Health Department tests have disclosed dangerous bacteria count in the Inverness Park water supply, disclosed by Dr. Carolyn B. Albrecht, county health officer. The water should be boiled 10 minutes before drinking, she said.

Continued tests will be run on the water, supplied by Inverness Park Water Co., the health officer said. Until the tests show sufficient reduction in the bacteria content, boiling will continue to be recommended.

No case of disease traceable to the water has as yet been reported, Dr. Albrecht said.

Bomber Crashes Into House

WOODLAKE (AP) — A Navy jet A4 attack bomber crashed into a house and office four miles north of Woodlake in Tulare County today.

Authorities said two persons in the house ran out and were not injured.

The pilot reportedly parachuted to safety in an orange grove. He was based at Lemoore Naval Air Station.

The house is owned by Leonard Hansen, but Hansen and his family are spending the summer at a Colorado youth camp.

Mr. and Mrs. Archie Waddle, caretakers, were inside.

The resulting fire destroyed two cars and a section of the car port-office addition.

Romania Calls For End Of Occupations

BUCHAREST, Romania (AP) —The Communist regime called today for all nations to withdraw their armed forces from foreign territories. The appeal seemed aimed at all major powers, including the Soviet Union.

It was voiced by Communist party chief Nicolae Ceausescu in a major policy address opening the congress of the Romanian party.

Stevenson Laid To Rest In Illinois

BLOOMINGTON, Ill. (UPI)—With President Johnson symbolizing the nation's sorrow, Adlai E. Stevenson was buried today in the Illinois prairie he loved.

The President led a band of dignitaries who attended simple, 40-minute services in the small, red-brick Bloomington Unitarian Church and then watched the burial in the century old Evergreen Memorial Cemetery.

Stevenson's 65-year journey came to an end on a hot, muggy Midwest summer day in this Illinois farmland town where he grew up and which he left nearly four decades ago.

It was the end to a career of bitter defeat as a two-time presidential candidate and triumph as international diplomat and seeker of world peace. Since his death on a London street last Wednesday, the man from Bloomington had received tributes he never knew in life.

The panoply of state ceremonies in Washington's National Cathedral and in the rotunda of the state Capitol at Springfield were markedly missing in Bloomington today. Instead, there were simple words spoken largely by old friends.

The President of the Unitarian Universalist Association, Dr. Dana McLean Greeley, delivered the main eulogy at the services in the church founded by Stevenson's great grandfather, Jesse Fell.

Johnson's face was somber as he joined the mourners in the 150-seat church.

With him were his wife and

Ship Stranded Without Power

ST. JOHN's, NFLD. (UPI)—A West German passenger liner carrying 600 persons, its engines disabled by a minor fire, today floated helplessly in the North Atlantic, awaiting the arrival of a towing vessel.

The 12,500-ton motorship Seven Seas was 500 miles east of here Saturday night when a small fire in the engine room knocked out the electrical system. No injuries were reported.

The ship, enroute to New York from Rotterdam, coasted to a halt in gentle, rain-swept seas.

Mariner 4 Details To Be Revealed

PASADENA, (UPI) — While marvelous Mariner-4 chattered away from record distances in space, plans were being made today to reveal detailed studies of its snapshots of Mars to U.S. scientific meetings in the next two months.

The first scientific get-together likely to put the historic close-up photographs under professional scrutiny is the annual meeting of the American Institute of Aeronautics and Astronautics (AIAA), scheduled to begin July 26 in San Francisco.

By that time, informed sources said, Jet Propulsion Laboratory may release more of Mariner-4's Martian photographs in addition to the spectacular three the world has already seen.

Mariner-4, now more than 136 million miles from earth and swinging into an endless orbit around the sun, finished transmitting the ninth of its scheduled 21 pictures early today.

The delicate task, requiring about eight hours and 35 minutes to complete a single picture, is expected to be completed sometime Saturday. Dr. William H. Pickering, JPL director, said scientists may put Mariner-4's tape through another 10-day run after that, just to make sure they had everything.

In addition to the AIAA, informed sources said, Mariner-4's experimenters may detail much of their information to a meeting of the American Geophysical Union (AGU), set for September in Dallas, Texas.

As of today, however, the experts steadfastly declined to speculate on the exact nature of several somewhat startling markings — including an enormous haze on the Martian horizon, a mysterious W-shaped formation and what appeared to be a craterlike depression—that showed up on the first three pictures.

Fishing Boat Is Sighted At River's Mouth

EUREKA (AP) — A 37-foot fishing boat, the Four Winds, earlier believed missing, was reported sighted today at the mouth of the Russian River, the Coast Guard said.

A report that the one man aboard needed medical assistance, sent a Coast Guard cutter speeding to the spot.

The Coast Guard earlier said the Four Winds was reported sinking yesterday. The one man aboard was identified as Bill Truman of Ilwaco, Wash. The vessel was bound from Ilwaco to Moss Landing in Monterey Bay.

Two planes from Hamilton Air Force Base and three Coast Guard vessels from San Francisco had joined the search for the craft.

Flags Going Back Up

WASHINGTON (AP) — The General Services Administration said today that U.S. flags which have been flying at half staff since the death last Wednesday of Adlai Stevenson should be returned to regular position Tuesday morning.

Pile Drivers Withdraw Pickets From Bridge

Picket lines were withdrawn today from one of Marin County's major construction sites, but a dispute between construction drivers of the Teamsters Union and the Assn. of General Contractors threatened to further delay Northern California construction.

A representative of the Pile Drivers and Bridge Builders Union of San Francisco said pickets were withdrawn from the Grand Avenue Bridge phase of San Rafael's Highway 101 interchange project after a contract was signed with Bond Construction Co. of Santa Rosa, subcontractor.

Teamsters Union officials in San Francisco were scheduled to announce today if locals throughout Northern California accepted or rejected a contract recommended by union negotiators.

The proposal, reportedly a "final" offer by Associated General Contractors, was opposed 47 to 18 in a vote of construction drivers taken Saturday at Teamsters and Warehouseman Union Local 624 in San Rafael.

Of three other union locals reporting in so far, two voted against the contract. The San Francisco Local approved it. The Teamsters' constitution requires a two-thirds majority to reject a proposal recommended by union negotiators.

The proposal, which affects 7,000 drivers in Northern California, would give a $1.065 hourly raise in pay and fringe benefits over a three-year span. The 40-hour work week would be retained.

Painters Union negotiators and contractor negotiators appeared near agreement last week after the latter submitted to union demands of $1.50 per hour wage increase over the next three years.

However, Harry L. Bigarani of the painters' district council said today that he doesn't expect the Painting and Decorating Contractors Assn. to accept the contract proposed by their negotiator.

"I don't think he could sell them a 30-cent and hour increase. We went out for 50 cents and hour (each year for the next three years) and we are going to stay out until we get it," he said.

Bigarani said all but 150 of Marin County's 450 painters have gone back to work under interim contracts signed with individual contractors.

Mattress Fires: Newest Fad?

Martin County appears to be the scene of a new and dangerous fad: mattress burning.

Saturday night, Marin County firemen were called to the Marin City underpass, where someone had dragged a mattress to the road and set fire to it.

Yesterday an old mattress was found burning in the driveway at 62 D Street, San Rafael. The owner of the house did not own the mattress and didn't know who put it there.

MARTINEZ (UPI) — Funeral services will be held here tomorrow for Simon Rodia, the Italian immigrant who conceived and built the famous Watts Towers in Los Angeles. The 90-year-old Rodia died in his sleep Friday. He had had several previous heart attacks. Rodia worked as a tiled setter after his arrival in California. The structure is now considered an outstanding piece of primitive architecture.

Former Korean President Rhee Dies

HONOLULU (UPI) — Former Republic of Korea President Syngman Rhee, who devoted his life to the independence and unification of his native land, died today at the age of 90.

Rhee

The one-time "Tiger of Korea" died at Manunalani Hospital with his Austrian born wife Francesca, 65, and their adopted son, Rhee In Soo, 33, by his side.

Rhee had been confined to hospitals since March of 1960.

Rhee, who was living in exile after his overthrow in Korea, had repeatedly expressed a desire to be buried in his homeland. The government of President Park Chung Hee had indicated that they would respect the old man's wishes.

Rhee, elected to four terms as president, did not live to see the realization of his one burning ambition —the unification of his divided country.

To this—and the earlier task of liberating Korea from 40 years of Japanese rule—Rhee dedicated most of his adult life. Only the last five years did he spend in comparatively inactive seclusion in Hawaii.

Shortly after he was re-elected to his fourth term as president in March 1960 at the age of 85, a national movement spearheaded by college students forced his resignation April 26 amide charges of corruption in his government and fraudulent elections.

Kosygin Berates Harriman On U.S. Stand In Viet Nam

MOSCOW (UPI) —Soviet Premier Alexei Kosygin lectured U.S. ambassador - at-large W. Averell Harriman in "stern tones" on Viet Nam during their three-hour secret talks, a high U.S. Embassy source disclosed Sunday.

The disclosure came on the heels of a warning from Kosygin that Soviet - American relations cannot improve until the United States stops "widening" aggression in Viet Nam.

The Soviet premier vowed "counter - action" and reiterated pledges of aid to the Communist North Vietnamese but did not elaborate.

The embassy source told newsmen Harriman and Kosygin covered a wide range of Soviet - American relations during their talks in the Kremlin last Thursday.

"Kosygin spoke to Harriman in stern tones on the issues that divide us," the U.S. official said.

Harriman refused to comment on the report. The 73-year-old diplomatic troubleshooter for President Johnson is expected to hold a second meeting later this week with Kosygin.

If Harriman was disappointed by Kosygin's refusal to budge on Viet Nam, he gave no sign of it during a meeting with newsmen in Red Square and the Kremlin gardens.

The jaunty and smiling veteran diplomat refused to comment on Kosygin's speech or on a published report in London that he came here with a plan to neutralize Viet Nam along the lines of Laos.

Harriman insisted: "I have no message and I am not here to negotiate."

He said the Soviet Union possesses little influence in any possible settlement of the crisis in Viet Nam.

"Peking and Hanoi are involved, but I think Russia doesn't figure very much," he said.

Harriman arrived in Moscow last week on what he insisted was a "private vacation." But he let it be known that he would welcome an opportunity to meet with the new Kremlin leaders.

Experts Still Seeking Signs Of Mars Life

PASADENA (AP) Scientists at Jet Propulsion Laboratory settled down today to an exhaustive study of Mariner 4's photographs of Mars, coming in at a rate of one every 10 hours, in a search for some hint of life.

Laboratory director William H. Pickering believes some sort of life exists on Mars and the agency for which he works, the National Aeronautics and Space Administration, has plans for spending hundreds of millions of dollars to find it.

No evidence of life showed up in the first three photographs' released last week. They outlined a desert-like area similar to the broad plans on earth's lifeless moon.

'GLITCHES'

Before any more are released, all of the possible 21 photographs taken as Mariner 4 flew past Mars Wednesday are going to be carefully analyzed.

Transmitted across 134 million miles of space, they contain many "glitches," an engineering term for electronic errors and static. They also show several markings scientists doubt actually exist on Mars. A likelier explanation, they say, would be some fault in the camera and radio system.

For instance. all three show a dark spot in the same area of the frame, almost as if the lens were smudged. Frame No. 1 has cloud- like wisps above the surface, but these are much higher than the thin Martian atmosphere extends.

Laboratory scientists have an almost magical way of eliminating markings they don't believe are real. They can wipe out traces of noise, make light spots dark and dark spots light to conform to their concept of what the pictures ought to show.

NUMBERS

Mariner 4's camera is linked to a device which converts the light values of the picture it takes into numbers. Zero is white, 63 is black. The numbers in between represent various shades of gray.

The spacecraft radio transmits these numbers to earth where they are recorded on tape. The tape is fed into a device which converts the numbers back into dots of various shades of gray, 200 dots to a line and 200 lines to a picture.

If the dots don't make sense in some areas — if they show a marking where none ought to be — the picture can be made logical by feeding the tape into a computer.

Experts tell the computer to print out another tape with the numbers, or dots, made lighter or darker to conform with the dots around it.

Mariner 4 will have time to send over again at least twice before it streaks beyond radio range into a wide orbit around the sun.

Pop Bottle Appeals Assist Scientists

WOODS HOLE, Mass. (UPI) —To obtain data on surface currents, scientists during a 14-year period scattered in the Atlantic ocean 150,000 serially numbered postal cards in pop bottles.

Marine Privates Fail In 'Bomb Hanoi' Try

DA NANG, South Viet Nam (UPI) — Two young Marine Corps privates tried to steal a pair of jet bombers here Sunday for a freelance raid against Hanoi, it was reported today.

Reliable sources said the two Americans, both privates first class, stole flight suits and walked boldly on to the Da Nang air base flightline to climb aboard B57 bombers.

The incident happened about 1 a.m.

Flightline guards took little notice because night missions are frequently flown against North Viet Nam from Da Nang.

The guards became suspicious when one of the Marines peered out of the cockpit and asked a sentry how to start the twin jet engines.

Both Marines were arrested but not before they damaged the two planes by tampering with instrument panels and pulling out electrical wiring.

The Marines were quoted as saying they wanted to bomb Hanoi because they felt the air war against North Viet Nam should be pushed harder.

Both men appeared to have been drinking, sources reported.

Official Marine spokesmen declined to comment on the incident.

Russia Not Saying Whether 'Zond 3' Is Mars Probe

MOSCOW (AP) — The Soviets were silent today about the progress and destination of their new unmanned space flight. U.S. experts, however, said Mars is no longer in a favorable position for another probe from earth.

The Soviet space authority announced the spacecraft, named "Automatic Station Zond 3," was launched yesterday on an orbit around the sun. The first announcement said the spacecraft and its scientific gear were "functioning normally" and "preliminary data shows that the trajectory of the automatic station is close to the expected one."

The purpose of the flight, the announcement said, "is to check the station's systems in conditions of prolonged space flight and holding of scientific studies in interplanetary space."

A solar orbit is required for probes of other planets. Such a route was taken by Mariner 4, which now is transmitting pictures of Mars back to earth.

The Russians have tried at least twice without success to probe the red planet. One attempt was made by Zond 2, launched Nov. 30, the day before America's successful Mariner 4. Zond 2 stopped transmitting after several months of flight.

An earlier Mars probe in 1962 also failed. The Soviets launched Bond I on April 2, 1964.

County Planners Ask Study Of New Towns

Asserting that Marin County must concern itself with the concept of new town development beyond the issue of Marincello, the county planning commission today asked for planning staff to gather information on the subject from other areas in the United States and report Sept. 20.

The request was moved by Commissioner Margaret Azevedo, who had raised the issue of the possible need for a county ordinance or plan governing such developments after the commission denied Marincello's request for a change of density to allow cluster development.

Vote on the motion was 5-to-2, with commissioners Niels Schultz Jr. and Harry H. Heifetz opposed.

Heifetz objected that this new task would overburden the staff and suggested the commission would do better to wait until early next year before asking for the information. Schultz felt the item should be put at the bottom of the commission's priority list and come up in its turn.

Planning Director B. D. Dobbs asked the commission to make clear whether it meant to retackle the Marincello issue by launching the study. He claimed the public was likely to misunderstand the commission's intentions.

Commissioner Hugh Dougherty and Chairman Felix M. Warburg both said they felt the study would have other applications besides Marincello. Mrs. Azevedo said, "I don't think that it is realistic to deny a connection between this and Marincello, because historically there is a connection."

The commission also moved to establish the following policy on private roads:

Private roads will be approved in subdivisions only where (1.) The road is limited to a cul-de-sac, which cannot physically be extended; (2) A finding is made that substantial advantages or necessity of privacy or access control would accrue to the owners of lots fronting on the private road without detriment to the public interest and (3.) Notice of and means of maintenance are in the deed covenants of the subdivision.

The commission voted to delay for two weeks consideration of a stringent code for building on substandard lots (lots measuring 25 by 100 feet or thereabouts).

Heifetz voiced the opinion that it might be a good idea to eliminate the requirement of side yards on such lots. "I think that is one of the most progressive things I have heard," said Schultz.

Two Youths Save Woman In House Fire

Two unidentifed Novato youths were credited today with saving the life of a woman last night when her house caught fire about 10:45 p.m.

The two saw flames in the living room of the house of Mrs. L. S. Box at 680 Orange Avenue, Novato. They rushed in and found her asleep in an overstuffed chair, Novato firemen reported.

The two extinguished the fire with a garden hose. However it had burned curtains, carpet, television set, scorched one wall and broke the front picture window.

Damage was estimated at $400 by the Novato Fire Department. A cigarette was considered the probable cause.

The two youths, described as about 16 years of age, had the fire under control when the fire department arrived. They left without giving anyone their names.

"They certainly saved my life because the fire was spreading fast when they woke me," Mrs. Box said today.

vate but it is widely held to be a mission to explain U.S. views on Viet Nam.

In the air war, a spokesman reported that a U.S. Navy plane from the aircraft carrier Independence was shot down yesterday during a raid over North Viet Nam. Both crewmen parachuted into Communist territory, the spokesman said, near the port of Am Rong 85 miles south of Hanoi.

In another raid announced today, four U.S. Air Force F105 thunderchief fighter - bombers attacked railroad tracks 90 miles northwest of Hanoi, marking the deepest reported penetration of the Communist north to date.

The spokesman said the planes dumped nine tons of 750 pound bombs along a 10-mile stretch of track beginning 15 miles northwest of Yen Bay.

American planes flew a total of 38 sorties against North Viet Nam today, bombing bridges, barges, ferry slips, radar sites and port facilities.

The biggest raid was flown by 12 Navy jets from the carrier Coral Sea on the Ben Tuy port facility 80 miles south of Hanoi. Pilots reporting destroying nine buildings and two anti-aircraft positions with more than 14 tons of bombs.

As the American troops moved out toward Vung Tau by truck and helicopter, medical evacuation helicopters whirred back to Bien Hoa, indicating that casualties were suffered in fighting along the highway.

The Viet Cong blew up seven bridges on the Bien Hoa-Vung Tau route in a 72-hour period beginning last Friday, leaving the Saigon area with only one major highway link to the outside world.

Far to the north, a government truck convoy guarded by more than 1,000 Vietnamese soldiers rolled into the central highlands of Pleiku over Highway 19 last night with 311 tons of supplies. The road was recaptured from the Viet Cong after a combined American-South Vietnamese operation hat included support bombings by B52 jets from Guam.

The Communists opened the attack against Bien Hoa about 10 p.m. yesterday, moving in under the cover of a driving monsoon rainstorm.

Heavy mortar fire and snipers' bullets thumped into defense positions manned by the 2nd Battalion, 18th Regiment of the Army's famed 1st Infantry Division — the "Big Red One."

Detective Tells Threat By Youth, 16

A 16-year-old shoplifting suspect threatened a Montgomery Ward Co. store detective with a screw driver Saturday before the youth was apprehended by Corte Madera police.

The youth, a Tamalpais High School student from Marin City, was sent to juvenile hall after he was caught trying to smuggle a pair of black jeans, valued at $4.99, from the store at the Corte Madera Center, police said.

The detective, Timothy C. Murphy of 280 Olive Street, Larkspur, said the youth threatened him with a nine-inch-long screw driver before police disarmed him about 3 p.m. Saturday.

Three girls also were cited to juvenile authorities for shoplifting at the Corte Madera Center Friday and Saturday.

One girl, a 16-year-old Terra Linda High School student from Novato, was accused of trying to take a pair of boys pants from Montgomery Wards.

Two others, an 11-year-old Richardson School student and a 14-year-old Tamalpais High School student, both from Marin City, allegedly took sunglasses and two packages of doll clothes from W. T. Grant and Toy World.

CONCERT REVIEW

Duo Pianists Have Wide Range

By MAYBELLE SPECKMANN

Duo pianists Arthur Whittemore and Jack Lowe presented a program yesterday afternoon that fulfilled their aim of "something for everybody." It was the second concert in the current Marin Music Chest summer series at Forest Meadows in San Rafael.

The program ranged from poetically descriptive and ethereal to dazzling virtuosity, qualities that were well represented in two works by Ravel. These were the delicate "Ma Mere L'Oye" (Mother Goose Suite) and the flashing tour de force "La Valse."

Not so flamboyant as the latter but brilliantly performed were Brahm's variation on a theme by Haydn (The St. Anthony Choral).

Of special interest was the "Music for Today" group introduced from the stage by Whittemore. The duo's affinity for the Ravel idiom was further revealed by the inclusion of a sonata by Poulenc, who was influenced by Ravel, and two delightful little duets by Stravinsky, who, like Ravel, was influenced by Rimsky-Korsakoff.

Least effective were their opening "Valses Nobles" Op. 77 by Schubert. These were played with such exaggerated rubato and percussive staccato that to us they did not sound like Schubert.

As a team the duo are evenly matched, and they play with the perfect synchronization and expression rapport that are the result of long years of playing together. They evidently have considerable creative ability too since, except for the granados piece, they did all of their own arrangements for works not written originally as duets or for two pianos.

In response to the enthusiasm of the large audience the pair generously gave three encores.

Imperial County Man Enters Death Row

With the addition of an Imperial County man yesterday, the number of men awaiting execution on San Quentin Prison's Death Row rose to 48.

Robert E. Pennington was committed to the prison after being convicted of murder, child stealing, and lascivious conduct with a child under the age of 14.

Amateur Bandits Easily Nabbed

HOUSTON (UPI) — The special agent in charge of the local FBI office says there has been a great increase in bank holdups by amateurs—but the robbers are usually caught.

Frank V. Hitt says the solution rate is unusually high.

"In Houston, only one recent armed robbery of a bank remains unsolved — the Jan. 6, 1964, robbery of the Northline Branch of the Heights Saving Assn.," Hitt said. "A lone gunman got between $300 and $400 and has never been identified or captured."

Business License Fee On Agenda

Two controversial items on the Mill Valley City Council agenda at the 8 o'clock meeting today concern the proposed $12 hike in business license fees and a committee report on a proposed change in sewer service billing.

Business license fees may be adopted under the second reading of an ordinance or under an emergency ordinance proposed last week by City Mgr. Bert Balmer. If adopted under the second reading, fees would be effective in 30 days. If under an emergency ordinance, fees would be retroactive to July 1.

It has been proposed that sewer service charges, now being paid from 16 and one-half cents on the tax rate, be paid for by bi-monthly billing to cost a household $1.75 per toilet per month.

Also on the agenda is a resolution establishing employees salaries for fiscal year 1966.

Novato Schools To Pass Budget

The Novato Unified School District board will adopt a budget for publication when it meets at 8 p.m. today in the administration building.

Preliminary budget accepted by the board on June 21 was for $5,105,945, calling for a tax rate of about $5 per $100 assessed valuation.

Trustees will award a contract for renting six portable classrooms for Novato High School and a contract for purchase of a school bus.

Naming of a teaching principal for Hamilton School is also scheduled.

FIREFLY STUDY — Dr. Grace L. Piccolio examines a firefly under an enlarging device at Goddard Space Flight Center at Greenbelt, Md., near Washington, D.C. NASA scientists are using more than 10,000 fireflies, gathered by 4-H youngsters, in effort to learn how far in space living microbes exist.

Artificial Fireflies To Aid Space Effort

WASHINGTON (AP) — Robot fireflies in space — using chemicals from the "love lanterns" of real fireflies—may indirectly help future missions to the planets.

At least 10,000 fireflies, collected by 4-H Club youngsters in Florida, are being used by space agency scientists to develop an instrument to determine just how far out in space living microbes can be found.

Employing the same two chemicals which cause the tail lamps of fireflies to light up when they're in the mood for love, the instrument would be shot aloft on a rocket or an earth-orbiting satellite.

The space agency hopes to launch the first one late this year aboard a rocket climbing 100 miles.

Wherever the space probe encountered living microbes, the impact would cause the robot firefly to light up—and transmit a radio message to the earth.

Scientists of the Goddard Space Flight Center say the project could be a help to future manned or unmanned missions to the planets in this way:

If it is found that the outer limit of microbe life is less than the 50-mile limit generally estimated by scientists, the shielding shrouds on interplanetary spacecraft — designed partly to prevent contaminating the planets with any earth-type organisms — could be jettisoned earlier. That weight saving could add to the payload and help the mission.

Conversely, they indicate, if the earth's atmospheric microbes extend much beyond 50 miles, shielding precautions would have to be intensified. The spacecraft could be sterilized of earth microbes before it was launched, but it still would have to be shielded against those in the earth's atmosphere.

The key to the artificial firefly instrument is the presence in microbes — as in all living things — of a chemical called adenosine triphosphate, or ATP for short.

This chemical — rated as the closest thing to the spark of life yet isolated by scientists — is a wondrous medium of energy — transfer in human, animal, plant and microbial systems.

Without it, for example, the human heart couldn't beat.

In firefly's tail lamp ATP — upon getting a nerve system signal from a love-sick firefly — triggers the illuumination of two other chemicals. They are appropriately called luciferin and luciferase.

In the firefly experiments at Goddard in nearby Greenbelt, Md., scientists extract the latter two chemicals from fireflies sent by Florida kids. The fireflies are shipped dead, frozen in dry ice, but their chemicals are still active.

Goddard scientists have developed a laboratory-based instrument capable of detecting one-quardrillionth of a gram of ATP — only slightly more than might be present in a single living cell.

They say it's conceivable that the Goddard work could have important effects on medical research on earth, even helping determine whether malfunctioning ATP plays any role in such maladies as cancer and mental disease.

Parents Angered By Bus Driver's Discipline Trip

MARTINEZ (AP)—A $240,000 damage suit has been filed by the parents of a dozen students whose school bus driver took them one morning to the city jail.

The suit was brought in Contra Costa Superior Court Friday against the bus driver, Donald Boyer, and the Alameda-Contra Costa Transit District. Boyer complained at the time that the students were too rowdy.

Boyer took his Richmond junior high and high school passengers to Richmond City Jail last January 28. They were given police reprimands and released to their parents.

The suit by the parents charged false arrest, false imprisonment, assault and battery and invasion of privacy. There were 22 students on the bus. The parents of 10 have not protested.

Transit officials said hundreds of letter writers have praised the driver's action and that only three letters were critical.

Book Says JFK Wept Over Cuba

NEW YORK (UPI)—The late President Kennedy did not commit himself to the Eisenhower administration's involvement in the Bay of Pigs invasion of Cuba, but he wept when the anti Castro strike foundered.

In the second installment of his book on the Kennedy administration appearing in Life magazine, historian Arthur Schlesinger Jr. said the vision of the men on the beaches "haunted" Kennedy—"the men who had gone off with such splendid hopes, had fought so bravely and now would be shot down like dogs or carried off to Castro's prisons."

"The only times Jackie (Mrs. Kennedy) had seen him weep were in the hospital at moments of sheer discouragement over his back; tears would fill his eyes and roll down his cheeks," Schlesinger wrote. "Now, in the bedroom, he put his head down into his hands and almost sobbed."

Schlesinger said Kennedy was informed of the previous administration's plans to back the invasion by Cuban exiles 12 days after his election. The historian said the President instructed CIA Director Allen Dulles to proceed with plans with the understanding that he was not committed to them. He later refused to call off preparations at the request of Acting Secretary of State Chester Bowles and Sen. J. William Fulbright, D-Ark., because it would have been embarrassing and disgruntled Cuban brigade leaders might have scattered throughout South America.

Schlesinger said he and former Assistant Secretary of State Adolph A. Berle were sent by Kennedy to New York to tell the Cuban Revolutionary Council that there would be no support by U.S. fighting personnel in the invasion. He said the council never believed this, preferring to think that they would have the backing of 10,000 U.S. soldiers that they had been promised before Kennedy came to office.

CIA Doubts Grisly Stories About Unlucky Cosmonauts

WASHINGTON (UPI) — In the best tradition of the Loch Ness monster and the abominable snowman, there are tales also of dead Russians circling the earth in spacecraft that went astray.

A considerable body of grisly literature has produced incredible tales recently about Soviet men and women sitting with lifeless hands on the long since useless controls of moon ships that missed their target and are now in perpetual orbit around the sun.

It is inevitable that sooner or later an American or Soviet astronaut will die in space, but U.S. officials believe that when it happens, the government concerned will announce it. They strongly doubt such a tragedy could be long concealed.

What has made the stories about Russia's space calamaties so real is that they quote snatches of space conversations reported to have been overheard by ground stations here and there.

However, the U.S. Central Intelligence Agency (CIA) has never authenticated any remarks purporting to come from cosmonauts about to die in space.

Most of the alleged tragedies were said to have occurred in the period from 1959 to 1962. All have been denied by Russia.

HOPE TO SAVE TEMPLES—Workmen cut through last layers of sandstone overburden prior to making first cuts into 3,000-year-old Temple of Abu Simbel in Egypt. Scientists hope to save twin temples of Abu Simbel from the rising waters of the Nile. (AP Wirephoto)

Scientists Hope To Save Temples

By ALY MAHMOUD

CAIRO, Egypt (AP)—Cutting through solid rock with electronic chisels, scientists hope to save Egypt's majestic twin temples of Abu Simbel from the rising waters of the Nile.

The massive monuments, with statues of an ancient pharaoh and his pretty queen, four gods and 21 carved baboons, have greeted the rising sun for 32 centuries.

Archaeologists plan to cut the temples into blocks, hoist them 192 feet up a cliff and reassemble them.

They began cutting the stone cliffs around the temples this month. This job will take about six months, engineers say.

Then a line of carved baboons above the king's temple will be cut into 30-ton blocks and carried to a storage area on trucks and barges.

Saving Abu Simbel from the lake that will form when Egypt's immense Aswan high dam backs up the Nile is a project of the United Nations Educational, Scientific and Cultural Organization.

Forty-seven countries have contributed most of the $36 million cost, with the United States and Egypt bearing the brunt.

A five - nation construction team headed by the Hochtief Co. of West Germany is handling the project.

Workers and engineers cheered as the first giant chunk of rock was cut free and carried away in a truck.

Some fragile parts of the temples are being injected with special chemicals to preserve them under the surgery. Archaeologists are concerned about the towering nude statue of Queen Nefertari. Engineers say she will have scars from the operation.

As work continues on the Soviet-financed Aswan dam, the Nile is rising, but an 111-foot high, 1,200-foot long protective dam has been built around the temples to keep the water away until the salvage project is over.

Dismantling the temples is expected to take until January 1967. Each block is numbered and catalogued as it is cut free.

When the temples get their new home on the bank of Lake Nasser, they will face the rising sun and look almost exactly as they did before.

Nearby will be a tourist hotel, a small port, a hospital, a swimming pool, a museum and a tourist bazaar.

Review Set On Tiburon Tidelands Plan

The Tiburon Planning Commission will consider Tiburon Tidelands Co. plan for 18 acres of waterfront land in downtown Tiburon at its meeting at 8 p.m. today at Del Mar School.

The company, headed by Robert Moor of San Francisco, in February asked permission to develop a 180-berth marina, two story restaurant-bar-shop building, one-story building for boat sales, 12 two-story town houses, two-story hotel, two-story office building, and parking for 394 cars.

Consideration of the plans was continued by the commission to gain opinions from the citizens planning advisory committee studying the waterfront area. Moor has a lease-option arrangement with Northwestern Pacific Railroad for the five acres on dry land and 13 underwater acres.

Woman, 31, Is Rescued From Pool

An 11-year-old girl staying at the Villa Rafael Hotel in San Rafael thought her mother was playing when she found her floating face down in the motel pool on Saturday afternoon.

When she called to her and her mother didn't answer, Jessica Utt knew it was no longer a game.

She tried desperately to pull her mother, Kathleen B. Utt, 31, of San Francisco, out of the pool. Help came from two men who were staying at the motel at 1606 Lincoln Avenue, and the unconscious Mrs. Utt was pulled out.

She was revived by the San Rafael Fire Department resuscitation squad and rushed by ambulance to San Rafael General Hospital, where she was soon released.

Mrs. Utt, told the police she accidently entered the deep end of the motel pool and can't swim. She had been vacationing here and plans to return to San Francisco tomorrow.

Marshmallow Pillows

NEW YORK (UPI) — About 5 - million pillows are made every year by machines that originally were designed to whip marshmallow fluff. The pillows are latex foam rubber models and the machines are continuous frothing mixers that foam liquid rubber. Before the fluff machines (which look like frozen custard units) were invented, giant eggbeaters whipped up the rubber in batches.

Chid Beating Report Law Signed By Brown

SACRAMENTO — Governor Edmund G. Brown signed into law yesterday a bill requiring doctors who suspect child beating or mistreatment to notify local law enforcement agencies.

And the bill, AB277 by Assemblyman Don A Allen, Sr., D-Los Angeles, provides a physician or dentist making such a report shall not incur any civil or criminal liability as a result of a report authorized by the bill.

"The victims of child beating are helpless to protect themselves, physically or legally, from assualt," Brown said. "Often out of fear of further beatings, they refuse to tell anyone of the circumstances of their injury.

"While child abuse can probably be prevented best by establishing local child protective services, this bill will afford an increased measure of protection for children subjected to cruel treatment," he said.

Brown noted the child beater often tells physicians treating the child that the injuries were sustained accidentally and this will permit the physicians to report cases when they suspect otherwise.

3000 Ministers, Priests and Rabbis Say:

MR. PRESIDENT:

In the Name of God, STOP IT!

We are aware of the awesome responsibilities you carry; we can imagine the difficulties of making important decisions in the face of conflicting advice from many sources; nor do we doubt your devotion to this nation or to the great goal of peace among all nations. Yet in offering our concerns over American involvement in Vietnam we must be as blunt as honesty requires us to be.

Mr. President, every one of us is deeply, personally dismayed by the role the United States is playing in Vietnam.

It is not a light thing for an American to say that he is dismayed by his country's actions. We do not say it lightly, but soberly and in deep distress. Our government's actions in Vietnam have been and continue to be unworthy either of the high standards of our common religious faith, or of the lofty aspirations on which this country was founded.

• • • •

Now the United States has begun the process of extending the war beyond the borders of South Vietnam, with all the attendant dangers of precipitating a far greater conflict, perhaps even on a global and nuclear scale.

Mr. President, we plead with you to reverse this course. Let us admit our mistakes and work for an immediate cease-fire. Let us call a conference of all the nations involved, including China, not alone to conclude peace but to launch at once a major and cooperative effort to heal and rebuild that wounded land.

Let us declare our intention to withdraw our troops, calling on other states to do the same, thereby allowing the Vietnamese the right of self-determination. We cannot dictate their course, and we may well regret it, but the risk is to be preferred over the certainty that the moral bankruptcy of our present policy is setting the stage for the ultimate victory of totalitarian forces, and even of thermo-nuclear war.

The prophets and teachers of our Judeo-Christian faith admonished the people of their day, and of all times, to go beyond the old restraints by which injuries might be exactly recompensed, and instead to deal with their enemies with love and good deeds. Yet in Vietnam this nation, so-proudly self-described as "under God," is not content even with "eye for an eye" retaliation, but returns evil for evil on a multiplying scale.

No nation has ever saved either its life or its soul by such methods, and ours will not be an exception. As men and women who have committed their lives to the attempt to explain and interpret the will of God, we have no alternative but to assert on every occasion and in every way open to us our conviction that these methods are not God's methods, but will bring the judgment of God upon our nation.

Mr. President, we plead with you with the utmost urgency to turn our nation's course, before it is too late, from cruelty to compassion, from destruction to healing, from retaliation to reconciliation, from war to peace.

Colorful Sale Scheduled At Civic Center

Marin County will auction off 54 cars, trucks, and trailers, along with several pieces of office equipment, in what promises to be a colorful sale in the civic center parking lot Saturday.

The first call for bids will be at 10:30 a.m. in the lower lot of the civic center. Much of the equipment is already on view there. All of it will be on display from 9 a.m. to 6 p.m. Friday.

Ken Porter, professional auctioneer from Santa Barbara, will wield the auctioneer's hammer.

County purchasing agent John F. Hettrich, who arranged the sale, reported that Porter does things in a grand style with a parade of the equipment past the auctioneer's stand to start off the day.

Porter, who takes 10 per cent of all sales, is equipped with a mobile office. Included in the office staff is a representative of the state department of motor vehicles who can write out new license slips for buyers, making it possible for them to drive the vehicles away soon after purchase.

Included in the sales list are 27 cars, four pickups, and 11 dump trucks.

Biggest vehicle is a tractor-trailer used by the county fire department to haul its bulldozer.

Among the business machines are five typewriters, three billing machines and five automatic cashiers.

The office equipment and 10 of the vehicles are not yet officially declared surplus, but Hettrich expects the board of supervisors to take that action tomorrow.

The county has been auctioning its surplus equipment for three years and has realized "very superior" returns over normal trade-in prices, Hettrich said.

'Atom Detective' Launch Delayed

CAPE KENNEDY (UPI)— Trouble with a rocket guidance system today forced the Air Force to indefinitely delay its attempt to send two new atomic detectives on satellite patrol looking for violations of the nuclear test-ban treaty.

The coundown on the 104-foot Atlas-Agena rocket proceeded smoothly until 2:57 a.m. EST, when a hold was called seven minutes before the planned launch time.

The countdown was resumed twice and then finally halted one minute and 50 seconds before liftoff. A new launch date was not immediately set.

Kennedy's Boat Win Is Disputed

HYANNIS PORT, Mass. (UPI) — Sen. Edward M. Kennedy, D-Mass., crossed the finish line first Sunday in a Hyannis Port Yacht Club race, but his apparent victory was protested by another skipper.

The protest was filed by Eddie Gallagher, who claimed that the senator's boat struck his while tacking. Kennedy was skippering the Victura, which once was owned by his brother, the late President John F. Kennedy.

It was expected that the dispute would not be settled for at least two days.

San Rafael Council To Fill Planning Commission Seat

San Rafael City Council tonight is scheduled to appoint a planning commissioner and receive the resignation of the planning director.

Appointment of a successor to Charles J. Hendrickson on the planning commission was deferred until today's 8 p.m. meeting by the council two weeks ago. Hendrickson's term expired June 30 and he wrote the council he did not wish reappointment.

Meantime, George H. Rodgers has submitted his resignation as planning director, effective Aug. 15. It will be presented to the council tonight.

Two public hearings are scheduled: on annexation of 90 acres of Smith Ranch property, which will comprise Northgate Industrial Park's second unit, and on an appeal of Dollar View Estates from planning commission requirement for sidewalks.

Approval of preliminary plans for the city's fifth firehouse, in Glenwood, has been recommended by the fire commission.

The council also is scheduled to award a contract for a street striper, having decided to have the public works department do its own street striping instead of letting the work by contract.

Bids are to be called for the Castelwood Drive Bridge, connecting to Glenwood School, which will be built as a joint project by the city and the San Rafael Elementary School District.

In all, there are 29 items on the agenda for the meeting.

Car Theft Is Charged

A car theft charge was filed in Marin Superior Court today against Timothy Vincent Ferranti, 19-year-old Redwood City youth shot by a San Rafael police officer last May 3.

Plea entry was scheduled by Judge Thomas F. Keating for Aug. 2.

Ferranti allegedly stole a car owned by Gene D. Bluder, 275 Canal Street, San Rafael. He was shot by Police Sgt. James W. Carlton while allegedly trying to flee. Ferranti was bound over to the court July 9 after his release from San Rafael General Hospital.

He is free on his own recognizance.

Planning Ordinance On Council Agenda

An ordinance requiring planning commission approval of all proposed land uses in highway commercial zoned areas will be considered by the Corte Madera Town Council at 7:30 p.m. today at town hall.

A request for a four-way stop sign at Baltimore and Pepper avenues and a recommendation for restricted parking on portions of Sausalito Street are to be heard.

Supervisors Hearing Protests

Marin County supervisors, using a speed-up policy to wade through the 849 protests against increased property assessments, started another week of hearings today.

The board heard 15 protests bringing the total to 138 since hearings opened last week.

Coupnty Assessor Bert W. Broemmel reported that as of Friday night, 123 cases had been heard and 73 reductions, representing $80,700 in assessed valuations, had been granted. Forty protests were denied and 10 were held for further consideration, Broemmel said.

He said that 36 of the reductions were recommended by the assessor's office and 37 granted by the board.

The assessor's office recommended reductions amounting to $51,560 in assessed valuation and the board, $29,140.

Under the new system, the board receives reports from both the assessor and protesting property owner in advance. At the hearing the protestant is given three minutes to present his comments and the assessor is given three minutes.

Novato Man Arrested For Assault

A dispute over a man's rights to visit his children led to the arrest of their step-father yesterday in Novato on charges of assault with a deadly weapon and firing a gun within the city limits.

Gerald Cornelius Kennedy, 26, of 70 San Carlos Way, Novato, was booked into Marin County Jail on a citizen's arrest by Richard J. Benadom, 24, of San Francisco. Bail was set at $110.

Police were called to the Kennedy home by Benadom, who said that when he returned his daughter to her home, her stepfather, Kennedy, poked a .308 calibre rifle in his ribs. Benadom took the gun away from Kennedy and threw it into the yard, Benadom told police.

Kennedy then entered the house and returned with a shotgun which he fired over Benadom's head, Benedom said.

New Part-Time Aide Hired By Belvedere

Rudy J. Kopfer of 29 Peninsula Road, Belvedere, has been hired by the City of Belvedere as half-time building inspector.

Kopfer retired from the San Francisco police department where he was an inspector, and for several years has worked in the construction business.

Boat Seat Is Stolen

Theft of a double front seat from the boat of John W. Grupe Jr. of 78 Novato Street, San Rafael, was reported to San Rafael police yesterday. The seat, valued at $400, was taken some time before noon yesterday from 345 Francisco Boulevard, where the boat was kept.

Building Owner Says Tides Back In Business Soon

LANDMARK FIRE—Snorkel truck from Sausalito Fire Department is seen in action against fire in third story of building housing the Tides Bookstore at 759 Bridgeway. Although water pouring down from the fire fight above destroyed much of the bookstore stock, the Tides will be reopened "very shortly," the building owner declared today.
(Independent-Journal photo)

The Tides Book Store in Sausalito will be back in business "very shortly" despite a fire that destroyed much of its stock Saturday, the owner of the bookstore building at 759 Bridgeway declared today.

Jack Pollexfen of 59 Woodward Avenue, Sausalito, owner of the building, said the book store suffered only water damage from the fire in the third story of the building. He estimated about half the books in the store were ruined.

"We'll have Herb Beckman back in business very, very soon," declared Pollexfen. (Herbert Beckman of 596 Sausalito Boulevard is owner of the Tides.)

Fore Chief Charles E. Masten estimated damage in the blaze, which broke out Saturday morning, at $70,000 to $90,000, of which $45,000 to $60,000 was to stock in the bookstore. Pollexfen, however, said he thought this "quite over-estimated."

Masten said is was impossible to be certain of the cause of the blaze, but it appeared to have started in a kitchen wall beside a water heater and probably resulted from a flash or improper venting of the heater.

"Three of four layers of roofing had been laid on the old wooden building, with a false ceiling creating a pocket of several feet beneath them," the fire chief said. "This would have given the fire a good chance of building up inside at a fierce temperature before it finally blew down and out, becoming visible from the outside. We got our call after that."

Chief Masten contradicted a report by Woodruff Strebeigh of the houseboat La Jota that it took firemen 25 minutes to get water on the fire. Strebeigh was the man who passed the alarm to the Tides.

"It took six and a half minutes to get water on the fire from when we got the call," said Matsen. "He couldn't see us inside the building with the hose."

Pollexfen said flames were held to the top story and roof of the old building. He said the Tides would be repaired and repainted first, then the third story would be repaired and the roof replaced.

Boat Motor Stolen

Richard Herman of San Francisco reported yesterday to Belvedere police that a British Seagull outboard motor had been stolen from his boat during the past week while it was moored at the San Francisco Yacht Club. Herman valued the motor at $190.

Air Force Weighing Sergeant's Proposal

MOSES LAKE, Wash. (UPI) —The Air Force is considering adopting a time-saving method of mixing the silver mercury oxide used in dental fillings developed by SSgt. James R. Ingram at Larson Air Force Base here.

Ingram, of Mountain Home, Idaho, is assistant noncommissioned officer in charge at the base dental clinic. He replaced the usual pestle used in mixing with an ordinary ball-bearing 5-16 inch in diameter. The Air Force figures the change saves 10 minutes a day and makes it possible to mix eight pellets at a time instead of one.

'Kidnap' Reported At Audubon Society

A "kidnaping" was reported to the Marin County Sheriff's office on Friday afternoon by Henry A. Houghton of the Audubon Society in Tiburon.

Houghton complained that burglars broke into a locked pen Wednesday and stole two young goats.

Pilot Is Killed As Plane Crashes Into Home, Burns

SANTA ROSA (UPI)—A light plane plowed into a house shortly after takeoff here early today killing the pilot and setting the house on fire.

The cause of the crash was not immediately known.

The pilot, identified as Wallace Stanley Robinson, 45, Santa Rosa, took off from the Coddingtown Airport en route to his dairy farm north of Lodi. The plane struck a grove of trees and smashed into a corner of the house.

Eugene Hazard, sleeping in the house at the time, said he was awakened by two loud explosions. He said he ran out of the house and saw the aircraft in flames and a corner of his house burning. Firemen quickly extinguished the blaze.

Andrew Johansen, Sonoma County coroner, said Robinson had been flying to work at Acampo, north of Lodi, the past month where he and his mother, Mrs. Pearl Robinson, jointly own the Crestmere Dairy Farms.

Today is Monday, July 19th, the 200th day of 1965 with 165 to follow.

The moon is approaching its last quarter; the morning stars are Saturn and Jupiter; the evening stars are Venus and Mars.

The inventor of automatic firearms, Samuel Colt, was born on this day in 1814.

On this day in history:

In 1870, the Franco-Prussian War started.

In 1918, the German armies started a retreat across the Marne River in France after their last great offensive had been successfully turned back by the Allies.

In 1941, Sir Winston Churchill launched the "V for victory" campaign in Britain.

In 1964, Alabama's Governor George Wallace announced he would withdraw from the presidential race.

A thought for the day: Irish dramatist Richard Brinsley Sheridan wrote: "Tale-bearers are as bad as the tale-makers."

HOW TO PLAY

WINNING BRIDGE

By ALFRED SHEINWOLD

Unusual Play Is Needed To Get Settled Trick

The other day a young man trimmed me at table tennis, using a bridge hand while I used a regular paddle.

My opponent was Eddie Kantar, former national champion at table tennis and also the winner of many national championships at bridge. One of Kantar's recent hands shows that he can put lots of spin on the ball at the bridge table.

Opening lead — ♣ A

Put yourself in the East seat, defending against four spades. West opens the ace of clubs, bless his little heart, and continues when you signal with the nine of clubs.

CLUB TRICKS

You take two more club tricks, and West drops the five of diamonds on the third round of clubs.

Assuming that you can see only the East hand and the dummy, what should you lead at the fourth trick?

Most players would return a diamond or a heart, leaving it up to South to develop the hand himself.

SPADE QUEEN

South wins any such return and leads the queen of spades for a finesse. If South then continued with the jack of spades he will pick up the trumps without loss. That is all he needs to make his contract.

Kantar points out that East should not lead a diamond or a heart because West did not signal. If West had a red king he would signal violently on the third round of clubs.

Since West did not signal, his strength must be in trumps.

BEST CHANCE

East's best chance to promote a trump trick is to lead a fourth round of clubs. South must ruff with the nine of spades, and West carefully discards instead of over-ruffing.

This maneuver develops a trump trick for West. When South leads the queen or jack of spades, West can afford to cover with the king.

The eight of spades will eventually take the setting trick.

What do you say?

ANSWER: Pass.

You would double (to signal for a club opening lead) if your clubs were stronger, but avoid such a double when you have only a middling holding in clubs. You may run into a redouble; or it may turn out that the club lead helps the opponents rather than you.

DRAMA REVIEW

'As You Like It' Has Magic Touch

By GWEN STONE

The gods of good weather smiled down on the amphitheater of the Marin Art and Garden Center in Ross Saturday evening for the opening performance of "As You Like It," Marin Shakespeare Festival's second play in the 1965 season.

The air was warm and the night serene, setting the mood of this merry play.

The magical touch of executive producer Ann Brebner, who also directs the play, was much in evidence in the casting and in all the special and subtle business the characters use throughout.

In the opening scenes we find Duke Frederick, (Robert Hirschfeld) and Le Beau, the court dandy (Richard Dawson) carrying the honors as fine interpreters of their respective roles.

I only wished Kenneth Hill, who plays Oliver, Orlando's brother, would have made him more of a villain to contrast to his change of character in the forest scenes. Perhaps he had good reason for the strange interpretation of a bumbling nitwit—but it did not come across as a convincing character for this reviewer.

Roger Lane gives a most presentable and pleasing Orlando. He grows on you. The first impression on his opening lines is of a young man with little sustaining power, then all of a sudden you are aware that a strong quality is growing and you become deeply concerned with what happens to him.

When the scene shifts from sad discord to happy games, the fun begins. To say Nancy McGettigan is excellent in the role of Rosalind would be putting it mildly. As the daughter of the deposed Duke Senior she is superb. Miss McGettigan makes much of this fun-loving girl who gayly romps through the scenes, using a liberal sprinkling of emotional candor in setting the character. Here is a fine actress worth watching.

Celia (Janet Gauder) Rosalind's partner in crime, is a charming minx.

Duke Senior is played with love and care by Russell Ernst, a seasoned performer, and the lords attending him in the Forest of Arden do much to enhance the merry mood. Particularly noted was Christopher Muncke, who as Amiens plays the guitar and sings the lovely music especially composed by Richard Cumming for the play.

Not fitting into their revelry but very much a part of the band of men is the proud and melancholy Jaques, beautifully portrayed by Dan Caldwell. Here is the musing poet wrapped in the cloak of contemplation on all living things. Though he has no link with the characters of the play—more the bystander with a running commentary on all who pass his way—he is as necessary to the play's wit and beauty as Shakespeare was to writing it. Caldwell savors every word and at times during the evening he held the audience in the palm of his hand.

Phebe (Ann Scofield) makes much of the country wench and gives us a fresh and unique characterization.

Marijane Craig as a delightfully daffy Audrey, Thomas Barker as Touchstone, the clown; Corin (Ernest Widlund), David McCauley as William and Jack Powell as Silvius round out this happy entertaining cast.

The colorful costumes, designed by Charlotte Wax, especially the dresses of Rosalind and Celia in the last scene, are breathtakingly lovely. The play is further enhanced with excellent lighting by Lavonne Bain and the handsome set designed by Remington Hodgson.

"As You Like It" is a play to see and remember with joy. It will play Wednesday and Thursday with "Henry IV Part I" opening Friday night at 8:30, and also playing Saturday.

Power Plant On Agenda For Board

Marin County supervisors tomorrow will again try to decide if they want to install a power plant, combined with a heating unit, in the hall of justice addition to the Civic Center.

The board meeting will begin at 9 a.m. at the Civic Center. The matter of the power plant is to come up between 10 a.m. and noon.

County Administrator Alan Bruce has recommended that the board not attempt the venture, saying there is limited money available. He says the board should vote to go ahead with the conventional power supplied by Pacific Gas and Electric Co.

Supervisors are also slated to discuss an ordinance amendment that would restrict or ban installation of septic tanks in watersheds. The need for such restriction came to light last week in connection with proposed developments near Nicasio Lake.

Bruce will report to the board that the county has no legal authority to support the Marin Institute on Alcoholism. The institute had asked for $3,000 of county funds.

Academy Graduation

Marin County supervisor Ernest N. Kettenhofen, chairman of the California Maritime Academy's Board of Governors will present degress to the academy's 66-man graduating class of 1965 Saturday at 2 p.m. at Mayo Hall on the Vallejo campus.

Good News Failing To Impress Market

By SAM DAWSON

NEW YORK (AP) — A flood of good news is failing to impress the stock market. Nor, for a change, is bad news setting off the usual reflex tremors. The market ended Friday just about where it was July 9.

The good news would have impressed traders in other days. Rosy reports last week of rising corporate profits, heartening gains in industrial output and the total volume of goods and services, as well as in personal income, went apparently unnoticed.

The news out of Congress was of the same type — new laws that will increase government spending in the future and also the incomes of many citizens and the sales of some companies. There were also promises of still more government pep pills as the economy needs them.

At the same time, gloomy predictions of stepped up involvement of the United States in Viet Nam - with the memories of the Korean War still fresh - didn't cause the nervous reaction on the stock market that a like news item might have in the past.

Is the market blase, or surfeited, or just cautious?

One explanation of the doldrums in Wall Street could be that the good news was mostly about conditions that are past - if only as recently as a month ago. The market knew that the economy was still going ahead.

The market, along with the public, has lived so long with international troubles that flare up and die down only to be duplicated in new locations that even this kin dof bad news may have lost some of its power to shock.

The list of corporations reporting increased profits, many setting record highs, grows each day.

But the stock market just took note and dawdled. Few expect it will go on being seemingly indifferent to good news or bad. But which type of news will predominate in the days and weeks ahead, or which will bear most weight, is today's guessing game on Wall Street.

Scheduled domestic air carriers flew 44.2 billion passenger miles during 1964.

Market Closes Mixed

NEW YORK (AP)—The stock market closed mixed today with some key industrials lower.

Trading was very slow and the market pursued a lazy course all day.

Some of the defense issues perked up because of prospects of additional spending.

Selected issues, among them Fairchild Camera, did well on the basis of Wall Street recommendations.

Du Pont, however, was down more than a point and U.S. Steel was a fractional loser.

Volume for the day was estimated at 3 million shares compared with 3.53 million Friday.

Here was the picture near the close:

Fractional changes were the rule for most key stocks but a number of secondary issues were more lively.

Briskly traded was Fairchild Camera, up about a point and a half, in further response to rising profits and its relatively low price—about half of its all-time high of 101 reached in 1960.

Ekco Products advanced more than 2 and Beckman Instruments was a 1-point gainer while losses of about 2 were shown by Avon Products and Singer.

American Broadcasting-Paramount was ahead about a point following a report that Norton Simon, industrialist and art collector, now controls the largest single block of the stock.

The new preferred stock of Union Oil of California just admitted to trading, was very active.

Off a point or so were American Enka, Comsat, Honeywell and Virginia Electric & Power.

Early gains by aerospace defense issues were trimmed. Boeing, United Aircraft and General Dynamics held fractional advances. Douglas Aircraft canceled a small advance.

Most of the major auto stocks were unchanged. Steels tended to ease while rails were irregularly lower.

Committee Listed For Developers

Eugene A. Ostaggi, president of the Marin County Development Assn., has announced the members of the organization's executive committee. They are:

Helicopter Firm's Application Denied

WASHINGTON (UPI)—The Civil Aeronautics Board has denied an application by San Francisco and Oakland Helicopter Airlines (SFO) to serve Sunnyvale through the San Jose Municipal Airport.

SFO filed the application after signing an agreement with Trans World Airlines to operate from 10 to 20 round trips a day between TWA's ramp area at San Francisco International Airport and Santa Clara County.

Fairchild Plans Maine Facility

MOUNTAIN VIEW — Fairchild Semiconductor this week began work on a facilities addition at its transistor and microcircuit fabrication plant in South Portland, Me.

The 101,000 square foot expansion will more than triple present production capability in New England when occupied in January 1966.

Fairchild Semiconductor was founded in 1957 at Palo Alto. It has a San Rafael branch.

OTHER PEOPLE'S BUSINESS

Bargain Box Is Relocating; Smokeshop Very Much 'Alive'

The proposed 11-acre shopping center along Sir Francis Drake Boulevard, San Anselmo, east of Sonoma Avenue, will include that portion of the Sunny Hills property now used for the **Bargain Box** — so this operation has to be relocated.

Site chosen is at 607 Irwin Street, San Rafael. This is in the building formerly occupied by Froghorn. Volunteers from the **Painters Local Union No. 83** are dressing up the interior and the new Bargain Box quarters will have about double the space of that in San Anselmo. Move has been scheduled for Monday, Aug. 16.

Meanwhile, to reduce stocks, bargain sales will continue at the San Anselmo shop right up to and including the Saturday preceding the move.

CORRECTION. Through a misunderstanding, an item in this column last Wednesday implied that **Ludwig's Liquor and Smokeshop** in San Anselmo is no longer in business. We are sorry if it caused this fine firm embarrassment.

The fact is, the store is still very much "alive" and it continues to carry extensive stocks of tobacco products and liquors. Quite probably it is the largest pipe store in the state, north of San Francisco. **Ludwig Schwalbe and Jerry Goldsmith** have operated here since 1960, and within the last year have spent something like $11,000 in remodeling. Part of this work was done recently. Previously Schwalbe owned and operated **Red Hill Liquor Store** in San Anselmo — I believe it was for about 19 years.

PERACHIOTTI REALTY, Novato, will move from its present location at 7369 Redwood Highway in September to a new building being constructed by **Crown Development Co.** at the corner of South Novato and Rowland Boulevards.

Frank Perachiotti says the site will be better for his business — more parking space and less congested traffic. He'll have 1,290 square feet for his office, and he expects to increase his staff.

BROWNNE HECKMANN

SAN FRANCISCO OFFICE of **Young and Rubicam, Inc.** has named **Robert H. Brownne** of Terra Linda and **Louis Heckmann** of San Rafael to the posts of creative supervisors. Both men joined the company as copywriters in 1956 and later were appointed copy supervisors.

JOSEPH I. GERVAIS of Tiburon has been named San Francisco manager of railroad sales by **Union Carbide Corp., Linde Division,** making him responsible for the territory west of Omaha and from border to border. He joined the Linde Division in 1952 and has served in sales and in engineering posts at Chicago, Seattle and San Francisco.

NEW DOWNTOWN San Rafael location selected by **Van-Doyle Complete Home Furnishings** is 1328 Fourth Street. A lease has been signed and the store will be extensively remodeled. Occupancy will be Aug. 1.

Co-owner Doyle Lockaby says facilities here offer loading docks in the rear and better appliance display possibilities.

INSURANCE. John Barry, Larkspur, past director of the Independent Insurance Agents of California, was instrumental in the creation of the new **Insurance School of the Pacific** which opened today at the Berkeley campus of the University of California . . . **J. Frazier Sutton** of Mill Valley has been appointed manager, special projects-ordinary operations department, by **Pacific National Life Insurance Co. . . . Joseph P. Burke** of San Anselmo attended the recent western regional meeting of **Mutual Benefit Life Insurance Co.** in Colorado Springs, qualifying for the trip on his sales production record.

Union Oil Co. Closes Merger With Pure

LOS ANGELES (UPI)—Union Oil Co. announced during the weekend that its merger with Pure Oil Co. became effective Friday with the filing of certificates of merger with the secretaries of state in Ohio and California.

The merger had been approved by shareholders of both firms at special meetings July 2 in Los Angeles and Columbus, Ohio.

Union, the surviving corporation, will have assets in excess of $1.6 billion.

"Pure will be operated as a separate division of Union, but under the 'Pure' name for its marketing activities in 25 midwestern, southern and southeastern states," officials said. "Union will continue its marketing activities in the 12 western states, including Alaska and Hawaii.

"Steps will be taken to consolidate management, exploration, production and research."

Telephone Calls Make Big Jump

About 391,000 telephone calls were made each day in Marin County last year, Pacific Telephone and Telegraph Co. has reported.

The figure represents a 50-per cent increase over five years ago when 261,000 calls were made each day. The report includes Belvedere, Corte Madera, Inverness, Mill Valley, Nicasio, Point Reyes, San Rafael, Sausalito, Stinson-Beach-Bolinas and Tomales exchanges.

Number of telephones in the county increased 48 per cent to 95,000 from 64,00 in 1959.

The company also reported it had 604 employees in the county with an estimated 1964 payroll of 3.6 million dollars. Tax payments on property totaled 1.4 million dollars, a 70-per cent increase from $825,000 in 1959-60.

GM Releases Safety Figures

WASHINGTON (UPI) — General Motors Corp. estimates it spent $193 million last year on safety research and development programs for its cars.

Corporation officials who appeared before a Senate committee hearing on auto safety last Tuesday were unable to provide a breakdown of safety spending because they said it was interwoven with other programs.

However, on Saturday, GM estimated it spent $124 million in 1964 on automobile safety for its cars and trucks, while other activities bearing on safety research programs boosted the total to $193 million.

Pure Plans Dividend

PALASTINE, Ill. — Directors of the Pure Oil Co. have declared a special dividend on its common stock payable in the event the merger of Pure into the Union Oil Co. of California takes place before Aug. 12. The amount of the dividend would be Pure's regular quarterly dividend of 40 cents per share, prorated on a daily basis from June 1 (the date of the last payment) to and including the day prior to the effective date of the merger.

Giants Play Give-Away, Astros Collect

There's an old carnival saw about never giving a sucker an even break.

The San Francisco Giants gave the Houston Astros three of them yesterday and it cost a 5-2 victory.

The Astro victory was their first in San Francisco this season after six successive losses. That includes Juan Marichal's eighth shutout Saturday as the Giants wan 7-0.

Houston's victory yesterday marked the first time in exactly one year the Astros had won in San Francisco after 11 defeats. It also was only the third time in 12 games this season the Giants have lost to the Texans who prefer to roam the great indoors of the Astrodome.

As a result, the third-place Giants slipped 4½ games behind the National League leading Los Angeles Dodgers and three games behind the second-place Cincinnati Reds. Also, they are only a half game ahead of fourth place Milwaukee.

Manager Herman Franks, signed to a 1966 contract in a surprise move during the weekend, made the first mistake. Jay Alou the second and relief pitcher Frank Linzy the third.

The Astros took advantage of all three, and while Franks called it "another ball game," it could be the one the Giants remember for a long time.

Gaylord Perry started for San Francisco and had nothing. The veteran Nellie Fox greeted Perry with a single to start the game and Lee Maye followed with another hit.

Jim Wynn promptly singled up the middle to score Fox and send Maye scurrying to third. Joe Morgan struck out and Rusty Staub went out, second to first, after Hal Lanier made a fine stop on the outfield grass, Maye scoring.

Franks ordered a walk to Jim Gentile and Ron Brand singled to score Wynn. Lillis finally ended the inning when he lined out to left.

Perry struggled through the second and third innings and Franks finally took him out after Gentile started the Houston fourth with a long home run over the right field fence. As things turned out, that was all the help a couple of pitchers by the names of Claude Raymond and his reliever, Ron Taylor, needed, although the Giants weren't finished giving "gifts."

Dick Schofield hit a homer leading off the fourth and Jay Alou tripled to the fence in left center. Willie McCovey lined 350 feet to center but Wynn uncorked a fine throw on the fly to home and Alou, who first got a late start and then compounded it with a half-hearted slide, was tagged out by Brand.

That took all the starch out of the Giants attack, even though they scored a run in the fifth on a walk to Tom Haller and singles by McCovey and Jim Hart.

Raymond left after the fifth inning when his shoulder stiffened but Taylor held the Giants in check the rest of the way on four singles.

In the eighth, the Giants handed the Astros their fifth run when, with two out, Jim Davenport, playing second after Lanier was lifted for a pinch-hitter in the seventh, fumbled a slow roller by Wynn.

Linzy first failed to keep Wynn close and the fleet Houston centerfielder stole second. Then Linzy uncorked a wild pitch and Wynn hustled to third. He scored moments later when Davenport couldn't make a play on another infield tap by Staub which went for a hit.

Franks said he stayed with Perry "because I thought he finally had straightened himself out after running into some tough luck in recent games."

Franks, who couldn't find much to complain about, also said "We'll go get 'em in the next one."

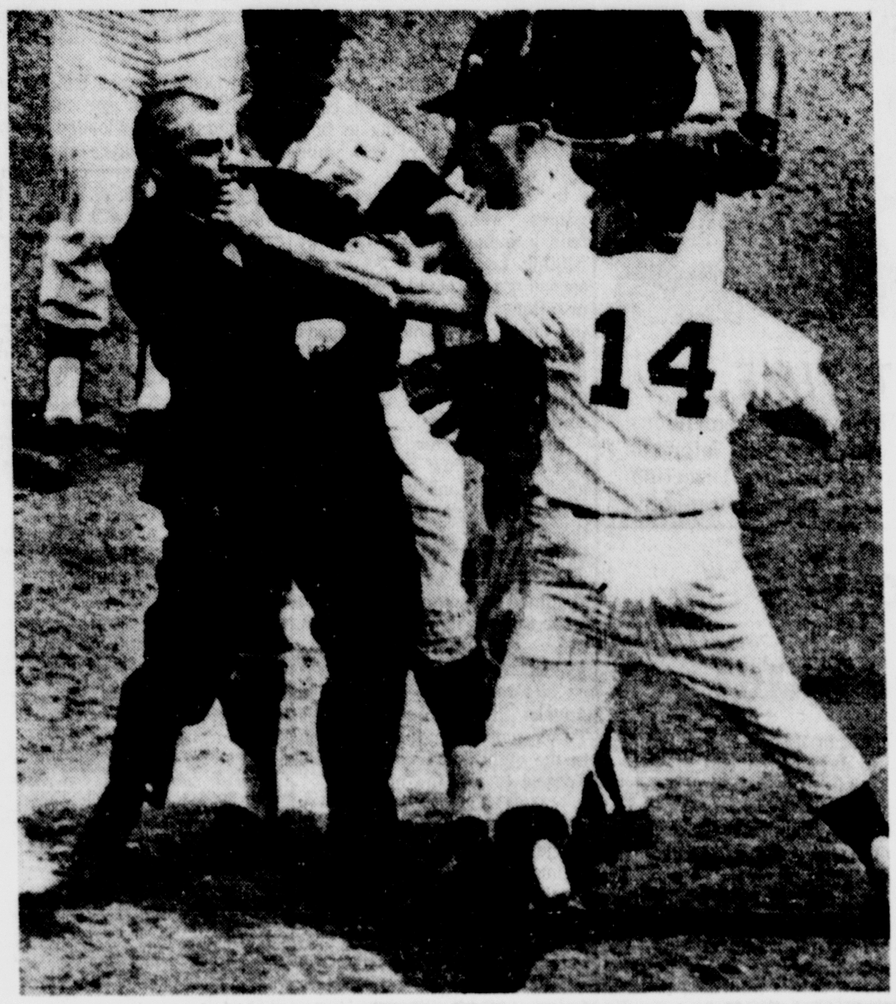
RALSTON INJURED, MAY MISS DAVIS CUP PLAY

CHICAGO (AP)—Dennis Ralston, who retained his National Clay Courts Championship Sunday with a triumph over Cliff Richey at the River Forest Club, may be sidelined for the American Zone Davis Cup tennis finals at Dallas July 31.

George MacCall, nonplaying captain of the Davis Cup squad, said Sunday that Ralston reinjured his left leg in defeating the 18-year-old Richey, 6-4, 4-6, 6-4, 6-3. Ralston had torn a ligament high in the back of his thigh in a tournament in Milwaukee, Wis., last week.

A team spokesman said Ralston could be out for five weeks but with exercise he could get back into action for the Davis Cup finals at Dallas. A further examination of the injury was scheduled for today. Earlier story on page 15.



MELE'S MELEE—Minnesota Twins manager Sam Mele shoves umpire Bill Valentine in photo at left and then appears to lash out with a left hook during a heated argument in yesterday's opening game of a doubleheader against the Los Angeles Angels at Minneapolis-St. Paul. Trying to break things up are Twins players Rich Rollins (glasses) and Jim Kaat. The incident cost Mele $500 and five days suspension. (UPI and AP photos)

Suspension, Fine For Twins Pilot

Five Days And $500 For Mele

BOSTON (AP)—American League President Joseph E. Cronin has suspended Sam Mele, manager of the Minnesota Twins, for five days and fined him $500, a league spokesman said today.

The action followed Mele's pushing and shoving confrontation with umpire Bill Valentine during yesterday's Minnesota-Los Angeles game in Minneapolis.

Cronin sent a message to Mele today which said:

"For your actions in the Minnesota-Los Angeles game of July 18, remit your personal check to the American League in the amount of $500. You are not to appear in uniform or participate in any way in an American League championship game for a five-day period beginning July 19 through July 23."

Twins' players said they have never seen Mele so infuriated.

Bill Martin, the old Yankee battler, just smiled and said nothing.

It was Martin who became Mele's go-between for the second game. With Valentine umpiring behind the plate for the nightcap, Mele sent Martin out

Mays A Great Showman, Really Sparkles Before Full House

CONNOLLY

One conclusion can be drawn from last week's All-Star game: It's a good thing 45,000 people do not watch Willie Mays daily. If they did, the Giant outfielder wouldn't last long.

Mays is a super performer and thrives on adoration. When the crowd cheers, Willie responds with a tremendous effort. He tosses all caution to the wind in his desire to please.

The true test of greatness is under pressure and Willie Mays is tops when the heat is hottest.

After Willie was the near unanimous choice for the centerfield job, he injured his hip. Not many clubowners would agree to allow him to play, but Horace Stoneham left the decision strictly up to Willie.

WILLIE, LOVING flattery and always trying to please, was satisfied in his own mind that he could play for his old supporters in Minneapolis.

"That's the mob who spurred me on when I started out," Willie told friends. "I'll take this method of thanking them for the lift."

Mays' exhibition in the All Star game was a tribute not only to Minneapolis fans but to all baseball. His display of courage is unmatched.

JIM THORPE, the great Indian football idol and All-American, once looked out at a full football stadium crowd when he was injured and not expected to play. "That mob," said Jim, "came out to see old Jim play and by golly I'm not going to disappoint them."

Mays, like Thorpe, stirs easily and violently when the mob is behind him.

ALWAYS A threat, even on the bench, Mays can do more things unconsciously to win a ball game than most other players.

But isn't it lucky Willie doesn't have to play to 45,000 daily? He couldn't stand it. His efforts would burn him out and no doubt shorten his career.

ABOUT THE only guy who doesn't trust Mays is Johnny Roseboro, L.A. Dodgers catcher.

"I'd have to check his pulse before I would believe he was dead," Roseboro often says. "The guy is a terrific showman, a bluffer from away back. When he gets flattened by a close pitch and goes down like a dead man, I just look at him and say, 'Get up Willie you ain't hurt'."

Roseboro and Mays are warm friends so when John talks about Willie's escapades it is with a keen sense of appreciation for Willie's showmanship.

"Willie is tops, even when clowning," says Roseboro.

Tail-End Charley Award For Chita

HONOLULU (AP)—Only three of the 55-boat Transpacific yacht fleet were at sea today in the dying stages of the 2,225-mile Los Angeles-to-Honolulu race.

Two of them—the sloops Nyon and Escudero—were expected to cross the Diamond Head finish line before nightfall, leaving Japan's Chita II as the race's orphan.

Chita, a 36-foot yawl sailing the colors of Nippon Ocean Racing Club, lost its mast Thursday in a strong gust. The crew rigged up a makeshift mast.

Chita, a shoo-in for the "Tail-end Charlie" award, was scheduled to finish Wednesday night or Thursday morning.

Winners already have been established in all classes. Overall fleet honors and the Class C title went to the 40-sloop Psyche, of Los Angeles Yacht Club.

Ticonderoga of Portland, Ore., finished first, breaking a 10-year-old record, but lost out to the Psyche through handicap corrections.

John B. Kilroy's 73-foot sloop Kialoa II won the Class A title. First in Class B was the 50-foot sloop Rascal, from Santa Barbara, Calif., Yacht Club. E. H. Spaulding's 41-foot sloop Misty took the Class D title.

Belvedere Skippers Sweep Yacht Honors

It was a fine day for skippers of the San Francisco Yacht Club in Belvedere yesterday, one winning the Midyet Ocean Racing Assn.'s first single-handed sail race and another taking the Rhodes-19 Perpetual Cup Trophy Race.

It was Mike Shea, an airlines pilot, who won the single-handed race with his 26-foot Golden Gate class sloop, Lively Lady. He covered the 21-mile bay and ocean course in 3:54:55 elapsed and 3:45:37 corrected times.

Jack Wahe from Sequoia Y.C. was second in the 14-boat fleet.

Shea and two other skippers used spinnakers on the homeward leg, quite a chore for a one-man skipper-crew. The lone mariners had to do all the deckwork while being leashed to an object on deck, for safety reasons.

Counterfeit Pay For Pro Gridders

ATLANTA, Ga. (AP) — The owner of the Atlanta Mustangs, a semi-professional football team, faces a charge of possessing counterfeit money after he allegedly paid off the team with about $2,500 in bogus $20 bills.

A.B. Wentz, in charge of the Secret Service in Georgia, said W. E. Westcott, 34, of Atlanta, will go before a U.S. Commissioner on the charge today. Wentz said he arrested Westcott at his home yesterday.

The team plays in the Southern Professional Football League.

Wentz said Westcott, an investment broker, paid the team in Jacksonille, Fla., Saturday night after a game in that city and then flew back to Atlanta.

Jerry Wilcoxon, coach of the team, which is made up of players from Atlanta and Columbus, Ga., will meet with the squad of about 33 players this week and decide whether to disband or try to finish out the season.

As the team was checking out of a motel, Wentz said, a clerk noticed all the $20 bills the team was using to pay its bills carried the same serial number.

"The players aren't to blame and were all very helpful in helping us recover most of the money," Wentz said.

"I'm just sick about this," Wilcoxon said. "We've worked so hard and had a real fine team. I just can't understand for the life of me what he (Westcott) had on his mind."

Wentz said about $2,500 in bogus bills were recovered but added that Westcott, who is being held in Fulton County Jail, has made no statement about where he got the money.

It's Ken Vs. Rod In Pro Tennis Showdown

BROOKLINE, Mass. (AP) — Defending champion Rod Laver and Ken Rosewall, a pair of former Australian Davis Cup stars, hopde for a break in the weather today in their meeting for the U.S. professional singles tennis title.

Laver defeated Earl Buchholz of St. Louis 7-9, 9-7, 6-4, 6-3 and Rosewall, the 1963 champion, who presently represents Peacock Gap Country Club of San Rafael, Calif., downed Pancho Gonzales of Los Angeles, 6-3, 6-2, 6-4 in semifinals yesterday before a packed crowd of 4,500 at Longwood.

With a top prize of $3,000 on the line, Laver dominated Buchholz in a match which had been postponed by rain during the third set Saturday. The 26-year-old Aussie ripped off 17 straight points in advancing easily to the title round.

Rosewall breezed on the rain-soaked grass court as the 6-foot-3 Gonzales, an eight-time pro champion, had trouble with his footing. The soggy turf didn't bother the 5-foot-8 Rosewall.

ALOU WILL RUN FASTER NEXT TIME

San Francisco's Jesus Alou is tagged out by Houston catcher Ron Brand after the Giant outfielder tried to score from third on a long fly out to centerfield by Willie McCovey. A tremendous throw by Jim Wynn cut down Alou who later admitted taking his time leaving the bag. Directing traffic is Willie Mays (24). (AP Wirephoto)

Horace Smells Title, Pats Franks On Back With Rich, New Contract

Because of the job being done with Willie Mays and without Orlando Cepeda, owner Horace Stoneham has given Herman Franks a new contract at higher pay to manage the San Francisco Giants through 1966.

Displaying one of his huge cigars in the middle of an even larger smile, Franks signed his new contract on Saturday at Candlestick Park.

Terms were undisclosed. But it was reported the contract calls for a raise from $35,000 to $40,000 a year retroactive to the beginning of this season.

"I think that we are in a very fine position to overtake the leaders," said Stoneham of his third-place club. "And this in spite of a succession of injuries that has made the job most difficult for Herman.

"The way he's handled these setbacks and the way he's handled the case of Willie Mays, who now needs rest, has impressed me very much," added Stoneham about his rookie manager.

Mays has been rested eight times this season at his request and leads the National League in both batting and home runs.

The most prominent injury to the Giants has left them without slugging first baseman Orlando Cepeda. In spring practice he reinjured the right knee operated on last Dec. 7. Cepeda left for the Mayo Clinic at Rochester, Minn., shortly before the 50-year-old Franks was rehired.

"The doctors feel that the operation on Orlando's knee was a success," said club vice president Chub Feeney. "They gave him the go-ahead to run and try to play.

"But the leg still hurts him. So we're hoping the people at the Mayo Clinic can reassure Orlando," said Feeney.

Cepeda's .304 in 1964 led the Giants and he also batted in 97 runs. He was placed on the disabled list May 7 after seeing only limited action.

Franks always has been on good terms with Cepeda, who's supposed to be temperamental. He managed him in the Puerto Rican winter leagues and has coached him for the Giants.

Franks was a coach with the Giants from 1949 through 1955, again in 1958 and after the first two days of the 1964 season.

Alvin Dark had personally asked Franks to return to baseball. On Oct. 4, the last day of the 1964 season, he replaced Dark as manager.

Franks had been taking care of a wide range of successful business interests in Salt Lake City, including a supermarket chain, before returning to baseball.

"In the grocery business, you can fire a man," said Franks. "You can't in baseball. You have to work with the men you have.

"I never thought I'd have the patience I've had," Franks said. "I like the challenge of handling 25 men. I'm happiest doing this."

Ex-Giant Blanks Yanks

By GEORGE C. LANGFORD
United Press International

Four years ago a shutout was just another day's work for Mike McCormick. Today, it's a treasure.

At the age of 22, McCormick, a $65,000 bonus baby for the Giants, already had amassed a total of 53 major league victories and was being mentioned in the same breath with other great left - handers such as Eddie Plank, Warren Spahn and Lefty Grove.

Mike is now 26 and in the last four seasons he has only 14 major league wins. The victim of a sore arm, McCormick has bounced around to four different teams (including Rochester in the International) in the past three years, landing this season with Washington.

Yesterday, McCormick shut out the New York Yankees 3-0 on a two - hitter for his first complete game since losing to Boston in September of 1963 while with Baltimore.

In other American League games, Minnesota ended its four - game losing streak by beating Los Angeles 5-4 in the second game of a doubleheader after the Angels had taken the opener 5-3. Chicago topped Kansas City 3-2 in 10 innings then lost 7-5, Boston tripped Cleveland 4-1 and Baltimore stopped Detroit 4-1.

The shutout for McCormick was the first for a left-hander against the Yankees this year.

Don Blasingame singled in the first two Washington runs in the fifth off loser Pete Mikmelsen and Frank Howard slammed a home run for the other tally in the sixth.

ANGELS-TWINS

Fred Newman scattered seven hits to win his 10th for the Angels in the opener. The Twins scored an unearned run in the eighth after an error by Fregosi to win the nightcap.

WHITE SOX-A'S

Danny Cater's bases - loaded single scored Al Weis with the winning run in the 10th inning of the opener for the White Sox. Nelson Mathews, Dick Green and Ken Harrelson triggered homers in the nightcap as the A's beat Gary Peters for the eighth straight time. Fred Talbot was the winner.

O'S-TIGERS

Wally Bunker allowed only four hits and was locked in a 1-1 duel with Detroit's Hank Aguirre until the eighth when Bunker reached first on a force out, advanced to second on Luis Aparicio's single and scored on a single by Jackie Brandt.

RED SOX-INDIANS

Fine relief work by Dick Radatz over the final 3 1-3 innings protected the victory for Dave Morehead and Felix Mantilla drove in two Boston runs for the Red Sox' victory.

Dodgers' Rookie Great In Clutch

By GEORGE C. LANGFORD
United Press International

Jim LeFebvre has a flair for dramatic roles that is delighting Los Angeles audiences and drawing good reviews from "rookie of the year" critics.

That's quite an accomplishment for the Dodgers' freshman second baseman, whose batting mark is only .227. But when LeFebvre hits it usually comes at a time the Dodgers need it most, as his 10 game-winning or game - tying blows this season will attest.

And, it is generally conceded right now that LeFebvre and Joe Morgan of Houston are in front in the race for National League "rookie of the year" honors.

The Dodgers were trailing 3-1 with two out in the ninth inning and the bases loaded yesterday, when LeFebvre slashed a two - run single to tie the count and send the game into overtime.

The 22 - year - old switch-hitter came up again in the 11th with Wes Parker on first base and drilled a double to score Parker with the decisive run that gave the Dodgers a 4-3 triumph over the Chicago Cubs.

In other N. L. games, Pittsburgh edged Cincinnati 6-5 in the first of two games, then lost to the Reds 8-4; Milwaukee swept a doubleheader from the New York Mets 5-1 and 5-4; St. Louis stopped Philadelphia 3-1, and Houston beat San Francisco 5-2.

WILLS STARS

Howie Reed blanked the Cubs over the final two innings to gain credit for the victory which extended the Dodgers' lead to 1½ games. Maury Wills collected four hits and stole two bases (for a total of 61) to go 22 games ahead of his record setting 1962 pace.

Tony Cloninger and Dick Kelley pitched the Braves to their double triumph that extended Milwaukee's longest winning streak of the season to six. Milwaukee's Eddie Mathews hit two solo homers in the opener.

Joey Jay, sidelined for almost a month with a sore elbow, won the nightcap for Cincinnati with relief from Billy McCool in the eighth. The Pirates scored four times in the eighth inning of the opener, the big blow a two - run pinch double by Roberto Clemente.

Tim McCarver and Lou Brock slammed home runs for St. Louis and Tracy Stallard allowed Philadelphia five hits as the Cardinals won their fourth straight.

Paced by the power hitting of third baseman Bill Brody, the Mill Valley Merchants edged the Pacifica Lions 10-9 yesterday at Optimist Field in Mill Valley.

The triumph evened the Merchants' record at 2-2 in Bay Area Invitational Semi-Pro Baseball League standings.

Brody, College of Marin athlete and formerly of Terra Linda High, hit a homer, triple and double in four at bats to knock in four of the Merchants' runs. His sixth inning double knocked in the 10th and winning run. Also rapping doubles for the Merchants were Sandy Slack, Mike Wyman, John Odetto and Fred Mack.

Mill Valley was quite a thief, stealing 11 bases, Wyman pilfering three of them. Frank Burch, relief pitcher, was credited with the win.

MELE

Continued from page 13

with the line-up rather than facing Valentine again.

Two close plays, both going against the Twins, incensed Mele.

On the first — in the Twins' fifth inning — Rich Rollins was called out at second base by umpire Bill McKinley on a force play. Mele and Martin charged onto the field to complain about that one.

In the next half inning — the Angels' sixth — Valentine called Jim Fregosi of Los Angeles safe at first.

Rollins protested the call, but was told by Valentine to return to his position at second base.

That set an irate Mele charging back into battle.

When he got squared away with Valentine, some chest-bumping and jostling ensued. Then Mele appeared to take a swing at Valentine and the umpire made a violent gesture thumbing Mele from the game.

Other umpires and several players had to separate the pair.

"You can bet your life they blew both calls," the seething Mele said after the game. "Rollins had a legitimate beef. He's not going to push my players around like animals."

Mele also accused Valentine of sticking a finger in his face. "He'd better not ever do that again, either," Mele added.

Mele said he didn't remember if he swung at Valentine because "I was too excited to remember." He conceded some bumping went on, but said, "I stumbled into him."

Valentine said Mele didn't hit him, adding, "I honestly don't know if I stuck my finger in his face or not. You make a lot of gestures when you talk to people in a jam session like that."

Zinn, a lieutenant in the Army, was killed in Viet Nam July 6. He was America's No. 1 race walker at all distances for the past four years. There was no entry fee, but the walkers gave contributions which will be sent to the National Walking Commission as a memorial fund.

"Those of us who knew him respected him greatly as a gentleman who was an asset to the sport," said Marin A.C. president Bill Ranney.

ALL-STAR GAME

Marin Semi-Pro Star Wins Sandlot Honors

Paul Giambra, shortstop for the Billings-Hutchison Builders semi-pro baseball team of San Rafael and star at Galileo High School in San Francisco, was chosen yesterday as one of the two outstanding performers in the annual San Francisco Examiner All-Star game.

Giambra, playing for the San Francisco stars, and Steve Small, Norcal star from Diablo Valley Junior College, earned the two U. S. All-Star spots. San Francisco won the game 8-4.

The two players will receive an all-expenses paid, 10-day trip to New York to represent the San Francisco Examiner in the Hearst Sandlot Classic in Yankee Stadium Aug. 21.

Scott Davi, pitcher last season at Redwood High School in Larkspur, pitched the final five innings for the Norcal stars, allowing 7 hits, 4 runs, walking 2 and striking out 3.

Giambra, who collected two hits and helped out as the middle man on two double plays, is currently leading the Builders in home runs and in batting. He's hitting at a phenomenal .636 figure.

Cops Swim Title

Linda Nederman was a double gold medal winner for San Rafael Swim Club at the Reno Invitational "B" meet over the weekend.

Linda, competing in the girls 9-10 division, won the 50-yard butterfly (41.7) and the 50-yard breaststroke (45.9). Bill Cannedy, also of San Rafael, won the boys 15-17 200-yard individual medley in 2:30.4.

It took 12 innings, but the Billings-Hutchison Builders of San Rafael kept up their winning pace yesterday by edging the Palo Alto Oaks 3-2 at Albert Park in San Rafael. It was the 22nd win of the year for the Builders.

An unearned run won the game for the Builders in the bottom of the 12th. Tim Reardon was safe on an error and ended up scoring on a clutch single by Dick Spackman.

Three hurlers worked for the Merchants, Dave Hughes starting and going the first three frames, allowing one run on two hits. Southpaw Bob DeRosa worked the middle three frames, allowing one unearned run and two hits.

It was up to Dick Descalo to finish up the game, and he did it in grand style, allowing only one hit in his six innings on the mound.

Littler Ends Long Drought

TORONTO (UPI)—Gene Littler broke a three-year tournament drought by winning the Canadian Open golf championship Saturday.

The 34-year-old Littler, whose last victory was in the 1962 Thunderbird, finished the Canadian Open with a sparkling 66 for a seven-under-par 273.

Littler, who pocketed $20,000 for his victory, edged out husky Masters champion Jack Nicklaus by one stroke.

The San Diego par-buster sank a four-foot putt on the 18th hole Saturday to clinch the victory.

Only minutes before Littler dropped his final putt, Nicklaus had failed in his bid for a birdie on the 18th which would have given him a tie. Nicklaus collected $12,000 for his second-place finish.

FIVE THIRD

Homero Blancas, Joe Campbell, Rod Funseth, Randy Glover and Mason Rudolph tied for third place with 278. All received $4,760.

Blancas, a rookie pro from Houston, Tex., might rave won except for a disastrous front nine on his opening round when he took 42 strokes. Saturday he fired a 66, including a 31 on the same front nine.

Charles Sifford and Bruce Devlin tied for eighth spot with 279. Devlin went into Saturday's round with a two-stroke lead, but he soared to a 74. Sifford and Devlin received $3,059.

Billy Casper and Rex Baxter tied for 10th with even-pars of 280 and collected $2,500.

Arnold Palmer, who went into the final day with a three-under par total zoomed to a 76 for a 283 total and had to settle for $1,000.

CAL TOURNEY THRILLER

Marin Softballers Win In 14th, 2-0

Sohner Tree Service pushed across two runs in the top of the 14th inning to capture a 2-0 verdict over Lucky 7 Golf of Sonoma County in the district finals of the California State Softball Tournament in Santa Rosa last night.

The win gives Sohner a 2-0 tourney record and pits the Treemen against Good Spot of Santa Rosa in a winner's bracket game Wednesday.

The top two finishers in the double-elimination tournament qualify for the state finals in Hayward beginning July 30.

Pitching and batting hero of last night's thriller was right-hander Gary Swarm. All Swarm did was to hurl 14 innings of scoreless ball and lead off the 14th with a booming triple to left-center.

With many of the over-flow crowd still in attendance, Dave Hughes singled through the pulled-in infield to score Swarm with Sohner's biggest run of the year. Hughes stole second and eventually scored on Ed Schulze's fielder's choice ground ball to shortstop.

Swarm then retired the side in order in the bottom of the inning, notching his ninth strikeout to end the game. He walked three and allowed eight hits.

Tough-luck loser Ed Nystrom also went the distance, allowing the Treemen seven hits and walking none.

In fact, it was not until the 11th inning that either team could get a runner as far as second base.

Dean's of Marin and Hamilton Air Force Base, Marin's other two entries in the 15-team tourney, both lost their opening games and must win tonight to avoid being eliminated.

Dean's meets the Ukiah Merchants in the first game tonight while Hamilton tangles with Five Star Homes of Santa Rosa in the nightcap. All four teams have one loss.

Only Sohner, Good Spot, Larkfield Merchants and Burbank Dairy are undefeated in tourney play. The last three teams are from Sonoma County.

The line score:

									R	H	E
Sohner	000	000	000	000	02				2	7	3
Lucky	000	000	000	000	00				0	8	0

G. Swarm (WP) and Munyon; Nystrom (LP) and Ray; Triples: G. Swarm (S). Double: Majors (L).

Wire-Wire Victory For The Diver

INGLEWOOD (AP) — It could be that Native Diver is anti-social as far as his fellow horses are concerned.

He takes off early, as in a race, finishes quickly and that's the last the other horses see of him.

Such was the tone of things at Hollywood Park today as talk in the backstretch reverted to the $162,100 Hollywood Gold Cup Handicap.

The theme again was: How can you beat him if you can't catch him?

None did in the Gold Cup, just as none did in the Los Angeles and American handicaps. The California gelding, age 6, is a wire-to-wire wonder.

He won the Gold Cup by five lengths and proved at least two points. He can run 1¼ miles as well as 1⅛, and he's improving with age.

Two years ago in the Gold Cup he finished fourth. Last year the Diver was third.

His regular rider is Jerry Lambert, rank PFC, U.S. Army, Ft. Ord. He gets weekend passes to ride here.

Lambert paid due compliment to the horse, the trainer, Buster Millerick and, quite important, his company commander and his sergeant.

"They've been terrific and very cooperative," said young Lambert, referring to the CC and sergeant.

Stretch - runner Babington made up at least 25 lengths to grab second place and pose a real threat in the 1 5-8-mile Sunset Handicap on closing day July 26.

Hill Rise was third and last year's Gold Cup winner, Colorado King, was dead last in seventh place, never a factor and loser in his last 12 races over the past year.

Colorado King's rider, John Longden, merely stated:

"When I thought my horse would start running he started stopping."

Mrs. Stevens Wins Tourney

Mrs. Pat Stevens carded an 80-16—64 to win low net honors in Class A of the Mill Valley Women's Golf Club's guest day golf tournament yesterday. Marcia Lee and Mrs. Lynn Sumpter tied for second with identical cards of 83-18—65.

Class B: Mrs. Helvetia Walker, 85-21—64; Mrs. Bill Brown, 88-23—65; Mrs. Henry Helmboldt, 90-24—66.

Class C—Mrs. Hugh Cavalli, 93-29—64; Mrs. A. E. Poarch, 91-25—66; Mrs. Elmo Petterle, 97-29—68.

Mrs. William May won low gross with an 80.

West Marin Semi-Pros Down 'Cats'

West Marin whipped the Marin Cats 8-4 yesterday in Marin County Semi-Pro Baseball League action at Tomales High School.

Philos Tobler with a double and two singles for four runs batted in, Bob Illia with a two-run homer and single, and Fred Rodini with a double and single led the West Marin attack. Winning pitcher Tim Furlong threw a four-hitter. Losing hurler was Brian King.

John Novak Builders, who yesterday tipped Pinole 1-0 in a non-league game, take on the Marin Cats in Kentfield next Sunday at 1 p.m. in the next league contest.

Marin Bowler 3rd In Cal Masters

Phil Wallace of San Rafael bowled his way to the third spot in the California Masters tourney at Castle Lanes in San Francisco over the weekend.

He rolled games of 194-190-228-226-230-207 for a whopping 1275 series. Jim Pistolesi of Larkspur rolled a 1214 series for the six-game route.

DENNIS AT PEAK

Ralston, Nan Richey Clay Court Champs

By JOE MOOSHIL

CHICAGO (AP) — Dennis Ralston's game is nearing perfection and he hopes to reach his peak when he competes in the American Zone Davis Cup tennis finals at Dallas July 31.

Ralston, recalling some advice given im by professional star Pancho Gonzales, retained his National Clay Courts Championship yesterday with a 6-4, 4-6, 6-4, 6-3, triumph over young Cliff Richey at the River Forest Club.

Nancy Richey, Cliff's sister, won an unprecedented third straight National Clay Courts women's title, defeating Julie Heldman of New York 5-7, 6-3, 9-6.

Ralston, trailing Richey 4-1 in the first set, said he remembered Gonzales once told him to throw the ball a little higher on serves when you are behind.

One of those two serves came on match point when Ralston sent a blistering curve past Richey for an ace and the championship. Richey couldn't even move for the shot.

Richey, an 18-year-old who won the Western Championship in Milwaukee the previous week and expected to be the No. 2 man on the Davis Cup team, complained that he was distracted because his match started while his sister was still playing in the next court.

"It shouldn't have bothered me but it did," moaned Richey, who was left off the Davis Cup team because of a squabble with non-playing Capt. George MacCall.

MacCall insisted Richey comply with his rules of training and conditioning, while Richey decided to follow the advice of his father, George Richey, a Dallas tennis professional and instructor.

MacCall, who will lead the U.S. team against Mexico in the American Zone Davis Cup finals, was overjoyed with Ralston's performance.

"Dennis has finally arrived," said MacCall, who might have been a bit embarrassed had Richey won. "He is the best in the country right now. He has the right moves and all the good shots.

"Richey at his age has no equal and he's going to be better," continued MacCall. "Richey has so much promise there's no telling how far he might go. He has to improve his serve and I'm hoping he'll let Gonzales work on it."

Jimmy Clark Virtually Clinches World Title

ZANDVOORT, Netherlands (AP) — Jim Clark of Scotland, having won the fifth Grand Prix race he has entered this season, now is virtually assured of the world title.

After five of the 80 laps of the 208.41 mile Dutch Grand Prix race, Clark settled in front and built up a lead. At the finish, Clark's sleek green Lotus was nine seconds ahead of runner-up Jackie Stewart, also of Scotland, in a BRM.

Clark won his third straight Dutch Grand Prix. His lap record was 1:30.6 for an average of 03.525 miles per hour or 2.455 miles more than the record he set here in 1964.

Dan Gurney, of Costa Mesa, Calif., in a Brabham, finished third.

By winning the five Grand Prix races he entered, Clark amassed 45 points or 19 points more than Britain's Graham Hill.

Of the 10 races counting toward the world championship, four more still are to be held. Since drivers may only count points from six events, it is unlikely that Clark will be overtaken.

Hill, driving a BRM, was fourth in the Dutch Grand Prix.

Reynolds Second In Cotati Races

Nick Reynolds of Sausalito, a member of the Kingston Trio, drove his Lotus to second place in the sixth race, for Formula A-C and Vee, yesterday at the Cotati road races.

Reynolds took the Formula C honors for his second place finish.

Ex-Stanford Gridder Hurt, Quits Pro Team

KANSAS CITY (AP) — Recurrence of an old injury forced rookie Bob Howard, 200-pound flanker back from Stanford University, to drop off the Kansas City Chiefs American Football League squad Sunday.

Sharp Drill By Raiders

SANTA ROSA (AP) — The Oakland Raiders looked good to Coach Al Davis in their first contact drill at their preseason summer training camp here.

Davis called the drill yesterday "satisfactory."

Yesterday also marked the arrival of 22 Raider veterans at the camp.

However, as many players were coming in, one left.

Former University of Houston rookie defensive end, 25-year-old Randall Dorsett, left the squad after submitting a voluntary resignation Saturday.

Bomb Scare Turns Back Singer's Plane

SAN FRANCISCO (AP) — A bomb - scare on a jet airliner scheduled to fly balladeer Harry Belafonte out of San Francisco yesterday culminated a week of threats against the Negro entertainer, the San Francisco Chronicle said today.

A telephoned threat by an anonymous woman warned "the Seattle flight will never get there," and Belafonte's taxiing Western Airlines plane was ordered back to the San Francisco Airport terminal.

The flight left for Seattle after a two-hour delay.

As the FBI and sheriff's deputies searched the plane and luggage of 122 passengers, Belafonte was quoted as telling deputy Gene Boklund, "someone smeared yellow paint on my car in San Mateo Friday night."

Belafonte has been active in the Negro civil rights movement.

The newspaper said several "kook calls" threatened Belafonte's life last week as the singer and his troupe of 20 did an engagement in San Mateo.

An unidentified employee at San Mateo's Hillsdale Inn, where the troupe stayed, was quoted as saying:

"Somebody left a package with the desk clerk Friday night saying it was for Mr. Belafonte personally. Belafonte found it was a bottle labeled 'poison'."

Sheriff's deputies were reported as saying they received no report of the incident from Belafonte.

Distributor Stolen

Tad Alvord of 21 King Street, Mill Valley, reported to police Friday afternoon that someone stole the distributor and wiring from his 1950 Ford hard top racer.

Public Flocks To Atomic Lab

LOS ALAMOS, N.M. (AP) — Spokesmen estimate 20,000 persons during the weekend toured the laboratory where the first atomic bomb was made.

The occasion was the first oen house at Los Alamos scientific laboratory in five years. Some areas of the secret facility were opened to the public for the first time.

The open house was timed to coincide with the 20th anniversary of the first detonation July 16, 1945, of an atomic bomb in southern New Mexico near Alamogordo.

Actor Falls To Death From Hotel Ledge During Prank

SAN FRANCISCO (UPI) — Police said today that bit actor James Davidson, 24, climbed out of the window of is eighth story hotel suite as a prank before falling 80 feet to his death.

The coroner's office listed the death of Davidson, San Vincente, Calif., as an accident.

Officers said Davidson and well-known comic actor Paul Lynde, 39, Los Angeles, checked into a hotel Saturday and went out for a night at the town.

Davidson was escorted to his room early yesterday by a security officer when he became boisterous in the lobby.

The young actor told Lynde "watch me do a trick" and went to the window and climbed out on the ledge.

Pedestrians stopped below and gazed upwards at the man hanging by his fingertips. They saw Davidson try to get back up by lifting his leg.

Suddenly he cried "I'm slipping" and the dazed Lynde rushed to his aid, but was unable to prevent the much-heavier Davidson from falling to the street below.

Volunteer Northgate members have been working daily, with Mrs. Rowland A. Chapman as chairman of the moving committee, so that the shop will be ready for visitors Wednesday.

The fine collection of antiques are displayed in a home setting in the completely re-decorated residence. Entrance to the shop is through the recently completed esplanade adjacent to the former location in the Northgate area. There will be no entrance from Laurel Grave Avenue. Convenient off-street parking is available from the Sir Francis Drake entrance to the Marin Art and Garden Center.

The shop hours will remain from 10 a.m. until 4 p.m. every Tuesday and Friday. In addition, the shop will be open on Wednesdays during the summer luncheon series from July 21 through Aug. 25. Merchandise is accepted for sale on consignment on Mondays from 10 a.m. until 1 p.m.

The antique shop is staffed by volunteers of the Northgate Group and profit from its operation is turned over to the Marin Art and Garden Center, a non-profit organization, for its support and maintenance.

THE SUBURBAN SCENE

Ceremony Given For Fleet Admiral

By MOLLY MARIN

With due pomp and ceremony Wallace Scott was made "admiral of the fleet" by the Sun Boat class of the Belvedere Lagoon yesterday. The festivities honored Wally's 75th birthday. The ceremonies were held on the dock of the Cabell Gwathmey's home. A special admiral's flag and scroll, designed by Cabell, were presented to the honoree. The admiral rates eight side boys, but Admiral Wally had eight "side girls" wearing nautical caps and standing smartly at attention. The octet was composed of Mesdames William Moore, Robert Winkelman, Jean Pouteau, Milton Schwarz, Raymond Schlant, Jerome Kirschbaum, Byron Hall, and Melvin Gautier.

Cocktails and buffet supper were served to 50 guests. All arrangements for the affair were made by the Gwathmeys and Sun Boat Fleet Captain and Mrs. Ralph C. Elliott. Planned for months as a surprise tribute to Wally Scott for his years of assistance on behalf of sailing on the lagoon, the surprise almost backfired—Wally took matters into his own hands and made reservations for himself and his wife, Ida, to fly to San Diego for the Challenge Cup races on his birthday with a group of sailing enthusiasts from San Francisco Yacht Club of Belvedere. The original date of July 24 was moved ahead a week by the surprised instigators of the function.

THE GWATHMEYS had barely returned from a month of travel in time to put the change of plan into operation. Cabell Gwathmey was a delegate to the American Institute of Architects convention in Washington, D. C. Marian and Cabell enjoyed a brief stay at their summer home on Chesapeake Bay, then Cabell and their son Owen, a sophomore at the University of California, cruised the Bahamas, while Marian visited friends and family in the Washington, D. C. area. They also had a reunion with their daughter, Margaret, a graduate of the University of North Carolina, who is now living in Charlotte.

GLOBAL TRAVELERS are the Ray B. Wests Jr. of San Rafael who sailed aboard the Orsova on a trip around the world. They will stop first in the Orient and continue through the Suez Canal and the Mediterranean. The Wests plan to travel in Europe for the remainder of a year before they return to California.

MR. AND MRS. LLOYD AMOS have returned to the Marin Country Club Estates. Formerly of the Estates, they were transferred to Australia for a time.

More Leg Showing In Fall Fashion

NEW YORK (UPI) — There's more leg showing and more on the leg to show in the new fall fashions.

Some of the designers on a youth kick have shortened skirts to as high as three and four inches above the knee. This is where the hosiery industry has stepped in to bridge the gap with patterned, textured and sometimes jewelled stockings for the next season.

PATTERNS RANGE from the refined looking lace and ribbed effects to bolder paisley motifs and eye catching art. There are floral motifs, too, with whole bouquets woven into hosiery. Ankle ornamentation on otherwise sedate stockings include black velvet appliques, rhinestone bars and small clusters of rhinestones with pearl centers. These jewelled numbers are meant for dressy occasions, of course.

BY CONTRAST, for the country, for sports and campus are heavier looking patterns with crochet, herringbone and houndstooth as well as deep ribbed effects.

Whatever the choice, the idea for fall is what the fashion experts called the "total look"—every item of apparel on milady supposed to create harmony instead of looking slung together.

Wives' Longevity

NEW YORK (UPI) — Having a spouse around the house may help a woman live longer, reports the Institute of Life Insurance. An actuarial study, among more than a million wives and widows, indicates a woman's life expectancy is significantly better when her husband also is living. Women in the study were wives and widows of American railroad men. The Institute said their experience, undoubtedly, would hold true for other women.

Why Undermine Causes For Which Adlai Fought?

The sudden loss of Adlai Stevenson was tragic.

It is even more tragic that we find America paying tribute to the Ambassador on the one hand, while another portion of America tears down the very policies for which Stevenson so articulately and tenaciously fought before the world forum.

We refer to America's stand in Vietnam, where we have committed ourselves, not only with moral and material support but also with American troops and American lives.

Elsewhere in this issue appears a full-page advertisement, signed by the Clergymen's Emergency Committee for Vietnam, and asking the President to stop U.S. action in Vietnam.

The statement expresses "concern" and "dismay" over American involvement in Vietnam and asks the President "to turn our nation's course before it is too late."

Of America's many diplomats and spokesmen, no one can be described as more dedicated to humanity and to world peace than was Adlai Stevenson.

With his wit, eloquence, and polished poise, he represented America at its best. Through him, America appeared in the eyes of the world as a peace-loving nation, reasonable in its negotiations but resolute in its fight against aggression.

Ambassador Stevenson may have had misgivings about some of our other actions, but on American involvement in Vietnam, his position was definite.

In his final interview with the British Broadcasting Corp. shortly before his death, Stevenson made it unmistakably clear that he disagreed with the critics of American involvement in Vietnam.

"My hope in Vietnam," said Stevenson, "is that resistance there may establish the fact that changes in Asia are not to be precipitated by outside forces.

"This was the point of the Korean War; this is the point of the conflict in Vietnam. I believe that Asia will be more stable in the future if the outcome is the same in both.

"That is to say, a negotiated line beyond which one great power will not attempt to enforce its interests on another, and a negotiated peace, a just and honorable peace, which leaves the future of the people of South Vietnam to be decided by them, and not by force."

We join the nation and the world in paying tribute to Adlai Stevenson, a great stateman and a man of peace.

At the same time, we regret that some misguided advocates of peace, including some from Marin County, would publicly repudiate and undermine one of the very causes for which Stevenson fought to the end.

Montana Marks The Dead

On a recent trip through Montana we noticed that the sides of the highways were planted with small crosses at the scenes of fatal traffic accidents. They were a grim, but effective reminder to drive carefully. At one bad mountain curve, we counted five crosses and slowed down.

We pondered the merits of this as a partial solution to California's traffic safety problem, but quickly discarded it. The main reason being that in our much more populous state it would turn a Sunday drive into a trip through a cemetery.

It would glut our vision with crosses and the shock effect would soon wear off. Besides, in our diversified state there would be some Jews, Moslems, Buddhists and Hindus who might not want the scene of their demise marked by the Christian cross.

History-Making Pension Leader Fought Hard For His Followers

By HENRY MacARTHUR

SACRAMENTO, (CNS)—The death of George McLain, outstanding promoter and lobbyist in the field of old age pensions, marks almost the end of an era in the state Capitol.

For more than 30 years, the debonair and dapper leader of the state's senior citizens campaigned for bigger and better benefits for the old folk.

UNDOUBTEDLY, the senior citizens of California, well drilled in the benefits of organization, will find someone to take his place in Sacramento. But it is doubtful if they will ever find a representative with the color and power of this most successful of legislative advocates.

Whether one liked McLain's policies and advocacies or not, one could hardly help liking McLain the man. His almost fanatical devotion to his cause emphasized his sincerity in assisting the aged.

Of course it was said, and frequently, that McLain used the old folks as a front for his own ambitions and to feather his own nest. None ever proved this; whether it was true or not, his activities on behalf of the aged resulted in benefits for them they never would have dreamed of getting had a lesser man been on the same job.

IN FACT, McLain did what no other person ever did before or since. He proposed, sponsored and passed a constitutional amendment which put the state department of social welfare under his control, and named his own secretary, Myrtle Williams, as its director. Despite the fuming of the politicians, the state had to live with this arrangement until the people voted it out.

But it is a fact that during the Williams-McLain regime in social welfare, the laws of the state were not abused. The department was a much tighter organization in those days than it is now.

His accomplishments included virtual abolition of relatives' responsibility for the elderly, abolition of lien laws and frequent increases in pension payments.

SOME 300,000 elderly in California are better off because of McLain's activities and an epitaph might well be written that he did the best he could for those he represented.

The Corte Madera Town Council asked ousted public works director William Adam to return the town's files, equipment and stationery.

Is Nation's Policy Deadly To Viets?

Editor, Independent-Journal:

The heart of the problem in Viet Nam is that we, an alien white modern juggernaut, are fighting a people-based guerrilla army, which is also supported by the northern half of its own country. We cannot win unless we kill or maim most of the people of Viet Nam (north and south is an arbitrary distinction). Our military and State Department seem to be preparing (and gradually escalating) to **do just that!** Are we (as American people) just as helpless as the poor German citizen of the thirties—carried along, willy-nilly, by Hitler's folly?

Humane Society's Confusion Reported

Editor, Independent-Journal:

Read Mel M. Morse's letter and I do agree; however, feel he is overlooking what the public really is talking about, due to the recent experience we had.

A puppy came to our home on July 5. I called the Humane Society, the answering service took message . . . said they would give our phone number to owner if they called, also that I should call Humane Society next morning to report same. I did, and asked if anyone had reported a missing puppy of that description. The lady informed me most rudely, they were not an answering service . . . she couldn't give me the information, she told me there is no way possible that the dog could get back to its owner except through them. However, I made the usual attempts to find the owner, through newspaper ads, etc.

. . . Once again I called Humane Society and talked to one of the officers to ask why they could not give an owner our phone number. He informed me that they could give out that information. . . . The owner saw our ad in the I-J and called. She stated she had called the Humane Society and the lady there said they could not be sure if they had any dog fitting that description, felt that she had better come down and look.

Why did the Humane Society not give our phone number to the owner, as they had been given the description three different times? This morning (July 12) the same officer advised me that the description card and information was where it should be and he, too, cannot understand why the information was not given to the owner.

Mr. Morse should be deeply concerned, as we are, about some of the Humane Society's personnel. There seems to be inefficiency, lack of concern and communication in the (dis)organization.

Tax Relief Asked Now, From County

Editor, Independent-Journal:

. . . The Royal Courts will hold July sessions from July 6 through 19. All unhappy subjects by Royal Decree may voice and pray for a tax reduction or a readjustment. . . .

Lord Wise High Brass Hat will take over. He will smooth-talk, manipulate digits, do hieroglyphical doodling to no end. He, with a smile of a Cheshire cat, will say sorry. . . .

Many disillusioned, foot-sore taxpayers will wend their weary way home. Some may get an inconsequential tax cut, many a big fat zero. This modern method of tax device is a dilly. It's heartless and has no consideration for those on a fixed income. It shows no compassion for the unfortunate through sickness, on a tight budget; they are ignored altogether.

We commoners are irritated, chafed and bored from toting this far-too-heavy tax load. We now question the Royal Tax Extractors. We commoners demand a halt in the whimsical spending of our hard-earned pay dirt, and ask that saving be reflected in a substantial tax cut for us all. The time is NOW to press for realistic economy in city and county expenditures.

Even the proverbial camel wouldn't tolerate it. It had the intestinal fortitude to kick off part of its far-too-heavy load. We taxpayers must do likewise or suffer our backs to be broken.

TRY AND STOP ME

BENNETT CERF

FRED ALLEN'S letters, collected in book form by Joe McCarthy, establish him once and for all as one of America's all-time greats in the humor department. From a New England seashore resort he wrote, "Things are so tough up here that people who have been living on the cuff are moving further up the sleeve for the summer." From a New Jersey farm: "The mosquitoes in these parts are enormous. One stung a Greyhound bus the other night and it swelled up so badly they couldn't get it through the Lincoln Tunnel."

To bird-lover John Kieran, Allen noted, "We have none of your bird activities around our 58th Street apartment, but there is one old slate-colored junco who flies around occasionally. This junco is owned by a real estate operator who builds houses rather hurriedly. When one of the slate-colored shingles blows off the junco flies up and covers the hole in the roof until the real estate operator collects the first payment on the house."

"WERE I to lose all my money," demanded a 75-year-old moneybags of his 19-year-old bride, "would you still love me?" "I certainly would," she assured him warmly—"and I'd miss you terribly."

Partisan Politics Endangering Progress In Viet Nam, Rights

WASHINGTON — Republicans and Democrats alike are playing politics with the wrong issues at the wrong time for the wrong reasons.

While this kind of "back-to-normalcy, you're-another" politics may taste sweet in the mouths of some politicians, it could become bitter in the bellies of the American people.

THE DAMAGE has not been too great so far, but if the partisan in-fighters do not soon step back from their hasty tactics, they are going to confuse and divide both the country and the Congress on the two issues on which bi-partisan unity is imperative: the war in Viet Nam and civil rights.

I am convinced that the great majority of Americans do not want interparty jockeying and wrangling over either of these matters which concern the safety and peace of the nation so profoundly.

The Republican leaders in the House—Reps. Gerald Ford of Michigan and Melvin Laird of Wisconsin — are making a grave mistake in trying to make political capital by hurling epithets at the Republican position on the voting rights bill.

NO CIVILIAN far from the scene, let alone the harried minority leaders of the House, can possibly have the military information and the battlefield intelligence to choose the bombing targets and decide the tactics of the Vietnamese war. This is why Rep. Ford's proposal that the next U.S. bombing target should be the missile sites near Hanoi has political overtones. I suspect that on third thought Mr. Ford would be glad to recall his suggestion, and my information is that if Republican Senate Leader Everett Dirksen had not suddenly gone back into the hospital a constructive and clarifying joint statement would have been forthcoming.

On civil rights, where national unity is as vital as on the war in Viet Nam, President Johnson stepped over the bounds of fair partisanship when he name-called the Republican substitute bill in the House as one which would "seriously damage and dilute the right to vote."

IT WOULDN'T. It was a well-drafted bill directed against voting discrimination in every state uniformly, not just in some states. Honest people could differ over the merits of the two bills, but Mr. Johnson didn't say merely that he preferred his own, but unfairly contended that the GOP bill would hurt voting rights, not help.

And the Republicans didn't get anywhere retorting that LBJ is a "Johnny-come-lately" on civil rights. It's true. But he's there today — all the way. The country knows it.

For eight years now both parties have stood solidly together in the cause of racial justice. The Democrats helped President Eisenhower put through two civil rights bills, and in 1964 and 1965 a higher percentage of Republicans than Democrats helped President Johnson do the same.

THE NEED IS to keep up this bi-partisanship, not dirty it up.

INSIDE WASHINGTON

Diplomats Plotting Gifts To Sukarno?

By ROBERT S. ALLEN and PAUL SCOTT

WASHINGTON — President Lyndon B. Johnson has before him a strong State Department recommendation that more military aid be given Indonesia — including atomic fuel for a research reactor.

As vigorously urged by Secretary of State Dean Rusk, the president is being asked to authorize additional atomic fuel for a research reactor the U.S. gave Indonesia in 1961, permit a U.S. firm to sell some $4 million of latest communications equipment to the Indonesian army and extend the atomic agreement between the two countries that expires in September.

THESE EXTRAORDINARY proposals were submitted by Rusk despite Indonesia President Achmed Sukarno's long series of deliberate provocations and offenses — among them, his world-publicized contemptuous repudiation of U.S. aid, totaling more than $900 million since 1949; the burning and sacking of U.S. Information Service libraries in Jakarta and Surabaya by unrestrained mobs last December; his denunciations of U.S. foreign policy, particularly in Viet Nam; his threatened confiscation of American-owned oil properties; his armed attack and war threats against neighboring Malaysia; and his close ties with the Communist bloc, especially Red China.

Unless Congress intervenes by enacting special legislation expressly prohibiting the State Department's secret plan, the president has the power to approve it.

By overwhelming majorities, both the Senate and House have repeatedly voted bans against aid to Sukarno—over strenuous White House and State Department opposition. Only last month the Senate again did this by writing such an amendment, by Sen. Fred Harris, D-Okla., into the new multi-billion-dollar foreign aid authorization bill. But under administration pressure, this was eliminated in the closed-door deliberations of the House-Senate conference committees.

Under existing law the president can authorize the proposed new military aid for Sukarno by making a public finding that it is in the "national interest."

That is what Secretary Rusk is pressing him to do.

Originator of the idea of giving more military aid to Indonesia's bombastic ruler is Ambassador Ellsworth Bunker — one-time envoy to Jakarta and now U.S. member on the Organization of American States peace commission in the Dominican Republic.

In May, after Sukarno threatened to seize American-owned oil properties, the president sent Bunker on a special mission to Jakarta in an effort to "improve relations." The result of this expedition was an unannounced recommendation by Bunker that more military aid be given to Sukarno—of a kind obviously very much desired by him.

Nothing was known about this until ferreted out by the House Foreign Affairs Subcommittee on the Far East, headed by Rep. Clement Zablocki, D-Wis.

In two days of closed-door grilling of Assistant Secretary William Bundy, in charge of Far Eastern affairs, Zablocki and Rep. William Broomfield, R-Mich., uncovered the details of this astounding plan—which Bundy justified as necessary "for the U.S. to keep in the door."

Under sharp questioning the State Department official also stated, "This program is pretty far down the road."

"What do you mean by that?" demanded Zablocki.

"It has been approved by the State Department and is now at the White House for final approval," replied Bundy. "The feeling is that, if we don't send this material, the Russians will."

"If that is the case," retorted Zablocki, "why don't we let the Russians do it? Sukarno has seized U.S. property, has repeatedly flouted and insulted us, and is just as anti-American as the Russians and Communist Chinese. So why give him more aid?"

In an effort to block the new military aid for Sukarno, Representatives Zablocki and Broomfield plan to raise the issue publicly on the floor of the House. They are busily rallying bipartisan support.

The Country Parson

"I guess we all find unimportant things to worry about —to keep our minds off important worries."

ART BUCHWALD

Citizen Art Sacrifices Freedom To Find Cause Of Youth Unrest

WASHINGTON — The resort towns are having their problems this year. It appears that more and more high school and college students of good families are showing up at resorts, not to rest, but to tear the towns apart.

Sociologists, psychiatrists and anthropologists have been studying the phenomena for some time now to discover why American youth go on rampages every summer.

I DECIDED to do a survey of my own and went to a resort where a riot had just begun.

I asked a student who was about to throw a brick through a glass store window, "Why are you doing that?"

"I guess," he said, "because my parents don't understand me. We have no communication and they give me too much money."

He heaved the brick into the window. "Perhaps now they'll understand."

I stopped a young man who was driving his motorcycle on the sidewalk. "Pardon me, could you please tell me why you're driving your motorcycle on the sidewalk?"

"I want to be noticed. All that kids crave is a little attention. We have anxieties but no one realizes it. All grown-ups tell you is 'Don't drive your motorcycle on the sidewalk!' But nobody tells you why."

I WENT OVER to the police station where four students were trying to set it on fire.

"Why are you trying to set the police station on fire?" I asked them.

One of them replied, "I guess it's because my father never beat me when I was a kid. If he had given me a good walloping then I probably wouldn't be doing this now."

"That's funny," the second kid said. "The reason I'm doing it is because my father beat me all the time. This is my way of flouting authority and getting even with him."

The third boy said, "We're trying to find a place in the sun. We're caught between being treated like adults and at the same time they won't let us vote. Burning down a police station is our way of saying, "We're grown up and should be given more responsibility."

I asked the fourth boy why he was doing it. "I wish I knew. I keep searching for an answer but I can't find one."

I WANDERED OVER to where a group was trying to overturn a fire truck and I asked one of the boys why he was doing it.

"I may be drafted in two or three years," he said, "and I may never get another chance to overturn a fire truck. I might regret it for the rest of my life."

"Then you don't blame your parents for what you're doing?"

"Well, I wouldn't say they're completely blameless. If they hadn't told me not to play with matches when I was a kid, I might not feel this way about wanting to overturn the truck."

I WENT DOWN to the beach to interview several couples on the boardwalk who were dancing without any clothes on.

I asked a girl who she felt was responsible for her behavior.

"Society," she said, as she made me do the frug. "We're victims of a materialistic society."

I tried to continue the interview in the paddy wagon.

"What's the charge?" the desk sergeant asked.

THE PATROLMAN SAID, "Dancing on the boardwalk with a nude girl whose parents don't understand her."

Reading Between The Lines On Firing Of Billy D. Dobbs

Marin County Planning Director B. D. Dobbs, who resigned last Monday, said people would have to read between the lines if they want to know whether or not he was asked to resign.

THE ONLY THING he said when asked directly was that there had been no "official" request.

Now, reading between the lines there, we might guess at a statement something like this:

"Are you kidding? Of course, they asked me to resign. Do you suppose there would have been any need for the long closed session of the planning commission if I had resigned the week before?"

Last Monday's special meeting was scheduled at a planning meeting a week before, on July 5. At that session the commission said the special meeting would be on the subject of planning priorities.

But only July 6, the very next day, the purpose of the meeting had changed. At least, that was when Dobbs found out he was going to be on the carpet behind closed doors. Reading between the lines, you might assume that Dobbs was given the option July 6 to resign at once or else wait for the Monday session.

What transpired in the Monday meeting will not be known. It is certain that County Counsel Douglas J. Maloney told the commission they had a legal right to hold a closed session.

It is fairly certain that County Administrator Alan Bruce talked to the commission and perhaps answered some questions for about an hour before Dobbs was called in.

WHAT HE SAID and what they said is anybody's guess. The exchange may have followed much the same line as the exchange between Dobbs and county supervisors in January, 1964.

That was when supervisors had Dobbs on the carpet in an open session. Supervisors Peter H. Behr and Byron Leydecker then accused Dobbs of a lack of administrative ability.

But those two men were the only ones voting to fire Dobbs.

There have been three significant changes since January, 1964.

The board of supervisors has changed with Ernest N. Kettenhofen replacing William D. Fusselman and Thomas T. Storer replacing George H. Ludy. Fusselman and Ludy joined Supervisor William A. Gnoss in the vote to retain Dobbs.

The planning commission has also changed with Margaret Azevedo replacing George Scott, Harry H. Heifetz replacing Edward K. Wachsman, Hugh Dougherty replacing Henry C. Hankins, and Eugene R. Trombley replacing Charles R. Johnson.

The last, and perhaps the most significant change, is that the powers of Administrator Bruce have been extended so he can fire a department head. In January, 1964, it took action by supervisors.

That is why Monday's meeting was held before the planning commission and not before the board of supervisors.

OF COURSE, you cannot take this as gospel. It is just reading between the lines.

Fairfax Artist Suffers Burns

A Fairfax man was treated for burns at Marin General Hospital Friday night after he was injured in a fire in his garage.

Harry Murphy, 35, of 30 Bothin Road Fairfax, was cleaning out his garage when some gasoline ignited. The fire was out upon arrival of firemen but damage to furniture in the garage was estimated at $35.

Murphy, a commercial artist, suffered burns to his face, hands and ankles. He was treated shortly after the fire at 9:30 p.m. and sent home.

Named directors were Ely, Ernest O. Merian of 25 Idalia Court, San Anselmo, and Terrance P. Ricketts of Berkeley.

The corporation was formed to permit the church to make use of recent donations to its building fund, according to Ely. The group plans eventually to erect a permanent church.

HOW TO KEEP WELL

By DR. THEODORE R. VAN DELLEN

Surgery Is Advisable Only When Rectal Itching Severe, A Mystery

VAN DELLEN

J. F. writes: "Could rectal itching be cured surgically?" Yes, and a number of procedures have been devised, varying from the injection of long-acting anesthetics to the excision of the adjacent skin and a graft supplant. Surgery is advisable only when the pruritis is severe, intractable, and the cause cannot be found. These radical measures are not done so often today because of improvements in local remedies.

Itching about the rectum is an annoying affliction. There are hundreds of remedies but the majority have little effect because they do not eliminate the cause. I can give no better advice than to consult a physician or proctologist if discomfort lasts more than a week or tends to recur.

THE RECTUM must be examined thoroughly to determine whether there are fissures, draining fistulas or sinuses, ulcers, hemorrhoids, on an infection. The integument surrounding the anal opening is subject to many dermatologic conditions such as psoriasis, contact dermatitis, eczema, and irritation from pinworms, trichomonas, fungi, and other parasites. These are remedial.

There also is a chance that examination will reveal nothing except the irritation from scratching. The search now changes to the possibility of allergy such as milk, eggs, fruit juices, strawberries, shellfish, and chocolate. Digestive disturbances, including diarrhea, may be to blame.

Pruritus may represent a hangover from overindulgence in alcoholic beverages and nuts or popcorn. This explains why rectal specialists do a flourishing business after the holidays and among those returning from vacations, fishing trips, and conventions. Nervousness is a recognized cause, and the individual is bothered more when upset, jittery, or fails to get a good night's rest.

HYDROCORTISONE ointments are most effective in relieving anal pruritus from many origins. Sedatives help the nervous person, and an ice bag is useful when itching occurs at night. But good anal hygiene must be practiced, regardless of the cause. The area is cleaned with wet cotton and dried thoroughly.

TELEVISION REVIEW

Keep An Eye Out For 'Secret Agent'

By RICK DU BROW

HOLLYWOOD (UPI) — The special characteristics of a nation quite naturally permeate its art forms. Thus, the French are so argumentative that even their love songs sound like challenges as often as not. Thus, the British are so understated that they almost logically excel at the quiet tautness useful in spy-and-secret-agent films.

All of the above beating around the bush is an attempt to soften and ease into the shame-faced confession that I have been hooked by a secret agent," and it is seen for an hour each Saturday night on CBS. It is British-made, starring one Patrick McGoohan, which is an implausible and wonderful name; it began in April as a replacement series, and although it will go off in the fall it has done well enough to be considered as a replacement once again this coming season.

What I am really shame-faced about is that I am reversing the view I expressed after the premiere, which didn't thrill me, although I liked McGoohan even then. But I have cause for my reversal: when "Secret Agent" made its debut, it came on as another James Bond spoof, of which there are too many, and as I explained at the time, I felt surfeited, perhaps because murder and anxious women are so much a part of my ordinary daily life.

Since the debut, however, "Secret Agent" has tended to move away from the Bond spoof style, and that is how I have been hooked — because the series is now generally good, quiet, British-tailor-made cloak-and-dagger stuff. And professionally made B-movie type thrillers are an always welcome entertainment. I won't tell you that "Secret Agent" is great stuff, because it isn't: Last Saturday's story was typical as McGoohan tracked a supposed spy to an island of Scots, and then found that some missing papers were simply misplaced by a government official. It was pleasant lightweight diversion.

I like "Secret Agent" better than "The Man From U.N.C.L.E." and "The Rogues" because I don't get the feeling that the producton is emphasizing, "Aren't we sophisticated? Aren't we clever? Aren't we just too 1930-ish, MGM-ish old-days in our production quality?" There are no famous names to distract from the story. I have fun watching.

CHANNEL SWIM: "Some Friends of Adlai Stevenson," a one-hour tribute to the former presidential candidate who died last week, is scheduled for CBS-TV at 10 p.m. EDT today. . .The broadcast, which is to be videotaped this afternoon with the help of the Early Bird satellite, will include Vice President Humphrey and Secretary of Labor Willard Wirtz in Washington; British Prime Minister Harold Wilson in London, and Archibald MacLeish, Pulitzer Prize poet and former librarian of Congress, in New York. . . Eric Sevareid and Charles Kuralt are the anchormen in London and New York respectively.

Independent producer David Wolper is reported planning to do three one-hour documentaries based on William Shirer's book "The Rise and Fall of the Third Reich."

Rose Lovers Will Get An Eyeful At Fair

NEW YORK (UPI) — Rose fanciers among World's Fair tourists this summer will be especially interested in an unusual exhibition opened to the public through July at the Hallmark Gallery on Manhattan's Fifth Avenue.

Entitled "The Rose," it is devoted to every aspect of that universal flower, including the effect of the rose upon history, art, literature, music, design, and even food and medicine. The exhibit includes a 26-foot-high gazebo fashioned after the famous Kiosk of the Empress in Paris, an authentic old apothecary shop, a fossilized rose 28 million years old and a brand new hybrid named and bred expressly for the exhibition.

Art Show Scheduled At Tiburon Boardwalk

The Artists Guild of San Francisco will hold an outdoor art show at the Boardwalk, Tiburon on Saturday and Sunday. Between 400 and 500 paintings in all media will be displayed to the public.

Show hours will be from 10:00 a.m. to 5:30 p.m. both days.

San Rafael School Tax Action Due

San Rafael Board of Education will meet in an adjourned session tomorrow night to pass a resolution ordering a special election Oct. 12 to boost the elementary district's general operating tax 50 cents, from $1.75 to $2.25. The same proposition was voted down April 12. The meeting will be held in the school administration building, Third and E Streets.

The board was also scheduled to hold another closed session dealing with City Councilman Louis H. Baar's allegations that some San Rafael High School teachers were intimidating their colleagues and teaching things that could not be mentioned publicly.

Schools Superintednent Bert C. Corona said after the board's meeting last Tuesday that a public announcement might follow tomorrow night's session.

The agenda, however, makes no mention of a closed session. It calls for the election resolution and "other business."

Plan For Center On Hub Agenda

San Anselmo planning commissioners are expected to act tonight on a tentative subdivision map of Sunny Hills property fronting on Sir Francis Drake Boulevard.

The commissioners considered the proposal before but asked Sunny Hills representatives for more information which will be presented tonight. Commission chairman Jerry W. Lloyd said he thought the board would act on the proposal tonight.

The commissioners will also receive copies of a letter form City Adm. Douglas J. Flautt concerning complaints of neighbors to the automatic car wash on Red Hill Avenue.

"If need be, we'll make every tree a school!"

Mexico's Minister of Education made this bold statement of an ambitious program in 1958.

In Mexico, where lumber is scarce and trees are protected with stringent modern forestry programs, the statement has even more meaning.

And Mexico has put that meaning into action. Our modern neighbor spends a quarter of its national budget on education. Mexico is in the middle of a program to build 39,000 new classrooms and train 67,000 new teachers by 1970 . . . and they're well ahead of schedule.

From 3,000 years of civilized traditions, Mexico has built a strong present . . . and they're teaching the youngsters how to build a strong future.

Knowledge of our modern neighbor is important in today's world. Add to your knowledge . . . send for the free booklet "Know Mexico", Box 1900, New York, 10019.

Youngsters To Present A Musical

More than 60 youngsters will present a musical comedy, "Comrade San Francisco," at Adaline E. Kent school in Kentfield at 8 p.m. Wednesday.

Music was composed by Dale Alstrom, Kentfield school district instrumental music instructor. Lyrics sung by the cast and the musical arrangement for the 20-member student orchestra were written especially for the production by Alstrom.

Summer school teacher Harvey Susser wrote the script and will direct the show.

The comedy features the discovery of San Francisco by two Russian cosmonauts who decide not to return to their county as bored heroes but instead, defect to fun-filled San Francisco.

Their space journey ends with a splash in the middle of San Francisco Bay. From there they are taken on a tour of the city's attractions, including Fisherman's Wharf, North Beach and Chinatown.

The program is a part of the school district's summer school "enrichment" program in which pupils chose to participate in one of several courses, including music, drama, art, science and language.

Rehearsals have been conducted during the three-hour class periods provided in the special educational program.

Clubhouse Set For Completion In Muir Woods

The Muir Woods Park Improvement Assn. Friday night nailed down plans to begin next weekend to finish the interior of the clubhouse at the end of Ridge Avenue of Panoramic Highway. Sheet rock and wood paneling will be installed over the next few weekends.

The group also discussed its Mountain Fair, slated for Oct. 9-10, and reaffirmed its intention of keeping a close eye on developments regarding Marincello.

About 25 children attended the association's bicycle safety program conducted by Lt. W. H. Porter of the California Highway Patrol Thursday. Porter led experiments which showed the children how long it takes to stop a bicycle.

Adult Education Program Seems Headed For Decline

By ALAN P. CUNNINGHAM

Whether it falls under the budget-slashers' knife or not, the adult education program in San Rafael schools almost surely will decline this fall.

The reason is that about half of the courses, and 40 per cent of the students, in last term's program were at Hamilton Air Force Base, whereas this year none will be there.

Formerly part of the San Rafael High School District, the base became part of the new Novato Unified School District July 1.

Not having adopted its final budget for fiscal 1966, the San Rafael Board of Education may cut the adult program still farther, or eliminate it entirely. Schools Supt. Bert C. Corona, however, feels this is unlikely.

Corona has predicted the fall adult school curriculum will be much the same as that given last year at San Rafael and Terra Linda high schools. If so, it will be made up of about nine courses at San Rafael High School, with 150 students enrolled, and five courses at Terra Linda, with about 70 students.

Offered last year at both schools were woodshop and sewing. Students at San Rafael could also take such courses as jewelry (either beginning, intermediate or advanced), citizenship, modern mathematics for parents, investments, and driver training. Terra Linda students were offered bookkeeping, typing and shorthand, but the last two were dropped before the year was over because of lack of enrollment.

Pending the outcome of a detailed review of the program, the schools' tentative budget for fiscal 1966 contains an allotment of $16,000 for it—just about as large as it was last year with the Hamilton courses included.

The board will not come to grips with this figure until the report is submitted by Corona.

Part of Corona's current research deals with the schools' cooperative nursery program, which seems destined to assume a larger role in the shrinking adult education curriculum.

The high school district receives state aid for the parents—but not the children—in these "parent education" classes. The program was estimated by Corona to have cost the district $2,000 of its own money during fiscal 1965. Corona now seeks to learn how large an increase from the present tuition of $6 per semester it would take to make the nursery school pay for itself.

Enrollment in the program, made up of one co-op at San Rafael High School and two at Terra Linda High School, is expected to be 95 children this fall, the superintendent said, as compared to 103 in the last school year.

How many families this represents can be told from looking at figures for the San Rafael nursery alone, which maintains a limit of 40 children each year, as required by state standards for the amount of space available.

The 40 children registered this fall will come from about 35 homes, according to Mrs. Mary Ann Powell, nursery membership chairman.

Two things are involved in the cooperative nursery:

First, there are daily two-hour and 40 minute nursery sessions, at which each of the mothers enrolled is required to work at least six hours per semester.

Second, there are classes one night each week. Of these, one each month is devoted to administrative details of the nursery such as scheduling of working hours. The other nights have lectures and discussions on theories of child-rearing, much of it related to actual situations which arise during the daily nursery hours.

Since the classes follow no rigid or formal outline, there is no such thing as "having completed the course," according to Corona. As a result, many mothers continue to enroll for a second or third year—or even longer.

One mother of three remained in the program for six years, according to Mrs. Margaret McConnell, teacher at the San Rafael nursery.

The number of those repeating will have doubled this fall at the San Rafael nursery with 30 of the 40 children coming from repeating families. And, according to Mrs. Powell, more than half of those listed as "first-timers" have been in the program in the past, then dropped out.

This tendency to repeat appears to be one reason why the waiting list to get into the nursery sometimes has grown as high as 35 families in recent years.

There is no textbook. Instead, explained Mrs. McConnell, the classes follow "our own little book that we printed." Repeating parents attend the same night classes as do those taking them for the first time, but Mrs. McConnell feels the discussion never follows the same precise lines, thus "it always is new," even for those who have been there before.

In addition to the $16,000 budgeted for adult education, Corona has asked the board of education to approve a one-time $5,000 item to help build a permanent building for the San Rafael nursery, whose present quarters are being lost due to the San Rafael High School building program.

The planned building, at Embarcadero Way and Mission Avenue, is expected to cost $30,000, Corona said. He proposes to finance $25,000 of this through a bank loan, to be repaid by the Cooperative Nursery Assn. with part of the money which parents pay monthly for its use.

Of the other adult education courses at the two high schools, the most popular last fall was the Terra Linda High School course in sewing, which had 32 persons enrolled.

Others, with their enrollment, were:

At the San Rafael High School—Woodshop, 15; sewing, 13 (this was dropped in mid-year); English for the foreign born, 16; citizenship, 13; jewelry, 14; modern mathematics for parents, 16; driver education and training, 22; "Studies in American Civilization," 22; investments and securities, 23.

At Terra Linda High School—Woodshop, 16; bookkeeping, 14; typing, 3; and shorthand, 8.

The typing course was dropped at Easter, while the shorthand course ended after eight sessions.

End of the Hamilton classes will mean loss of extra pay for several teachers, most of whom were members of the city schools full-time faculty, according to Corona.

Ralph Phelps, former head of the adult program, will become an assistant dean at Terra Linda High School this fall. Corona said the job of adult principal may be combined with another, but no decision has been made yet.

Boys Caught In Minor Rumble

San Rafael police cited a 16-year-old San Rafael boy for fighting in a public place and attempted escape Friday night after they broke up a minor rumble at the Standard Service Station at Fourth Street and Lincoln Avenue.

Police, arriving at the scene, found two youths fighting and a crowd milling around and watching.
